

BUREAU TO SUBMIT REPORT TO TAFT

Discloses Vast Organization of \$140,000,000 Inter'l Harvester Co.

HISTORY OF CONCERN

Estimated That Ninety Percent of Harvesters Are Made by This Corporation

URGED TO WITHHOLD DETAILS

WASHINGTON, FEB. 5.—The vast organization of the \$140,000,000 International Harvester company and its important relation to the farmer through control of a substantial proportion of agricultural machinery is disclosed in the long expected report of the bureau of corporations to be submitted to President Taft within a few days. It points out that the International Harvester company organized in 1912, brought under one control, through J. P. Morgan and company as underwriters, five great concerns manufacturing harvesting machinery and two—the McCormick, Deering, Plano, Champion and Milwaukee companies. Since before it is said the parent corporation has been increased by the acquisition of the Osborne company and other organizations through which the concern has secured its business to various subsidiary lines, such as farm wagons, gasoline and alcohol engines, cream separators and manure spreaders.

Manufacture Large Percentage. It is estimated that perhaps 90 per cent of harvesters, 75 per cent of binders and 50 per cent of other farm implements in the United States are made by the International Harvester company. Stock to the amount of \$145,000,000, it is declared, was issued to J. P. Morgan & Co. for service and legal expenses in organizing the giant corporation.

The commissioner of corporations discusses the corporation of the company in detail pointing to the fact that unlike other industries the wholesale dealer is absent, the manufacturer selling directly to the retailer. Particular attention is paid to the practice of the company in entering into contracts with retail dealers, establishing them as agencies for the sale of the company's products.

The \$1,000,000 International Harvester company of America is described as simply the selling agency for the entire output of all the factories of the International Harvester company or its subsidiaries.

President Taft is now being urged by counsel for the harvester company to withhold the details of the bureau's report from publication until the pending anti-trust suit against the corporation instituted by Attorney General Wickersham has been completed. The president will make his decision when the report reaches him.

Much of the final data for the bureau's report was obtained from the testimony gathered by the government in the anti-trust suit which is being prosecuted under the immediate direction of Edwin P. Grossvnr, special assistant to the attorney general.

The department of justice opened its records in this respect to the commissioner of corporations.

MAIL MATTERS MUST BE IN MAIL BOXES TO HAVE U. S. PROTECTION

Articles May be Taken From Receptacles Installed Under or Beside Mail Boxes Without Fear of Prosecution Under Postal Laws.

Los Angeles, Calif., Feb. 5.—Mail matter placed in any receptacle that is not locked and under government seal is not legally in the United States mail, according to a ruling entered today in the United States district court here. Therefore articles may be taken from receptacles installed under or beside mail boxes without danger of prosecution under the postal laws. The decision was rendered in the case of G. H. Keith, who was arrested when a number of packages that had been stolen from a wire basket under a mail box in an office building were found in his office.

SPANISH AMBASSADOR PRESENTS CREDENTIALS

Rome, Italy, Feb. 5.—Ferdinand Cailleton, the newly appointed Spanish ambassador to the vatican, presented his credentials to the pope today. The ambassadorial post had been vacant since the summer of 1910, when the Spanish ambassador to the Holy See was withdrawn as the result of the strained relations which arose between the vatican and the government of the late Premier Canalejas.

The Spanish diplomat delivered a long address to the pope and later, after replying thereto, retired with the ambassador to the pope's private apartments where the two had a conference.

ASKED EKER'S AID TO SWING DELEGATION

WISCONSIN INSURANCE COMMISSIONER TESTIFIES BEFORE SENATE

A. F. Belitz Admits on Stand That Dismissal Papers Were Drafted Before Eker Had Been Given a Hearing—More Testimony to Be Heard.

MADISON, WIS., FEB. 5.—That Governor McGovern solicited the aid of Insurance Commissioner Herman L. Eker, to swing the Wisconsin delegation to Roosevelt as second choice for the Republican presidential nomination, was the testimony of Eker, before the senate tonight. Eker said he told the governor that to do so would be equivalent to putting Senator LaFollette out of the race.

This followed Senator LaFollette's reported physical collapse after his Philadelphia speech. Eker said he knew of appointments of the governor who had done political work for McGovern, and that so far as he knew, they had not been dismissed from office.

Senate Investigation. The secret surrounding Governor McGovern's order of dismissal against Insurance Commissioner Herman L. Eker were bare before the senate, sitting as an investigating committee of the whole, despite the fact that the governor refused to attend the investigation nor to allow any of his attorneys to be present.

Arthur F. Belitz, assistant revisor of statutes admitted to the Eker attorneys during the investigation that he had drafted the dismissal papers of the governor for Eker before the governor had given Eker the limited hearing on January 8th. Fred M. Wilcox one of the governor's legal advisors said that he advised Governor McGovern to give Eker a hearing but that he could not remember whether the hearing was "full and complete."

Miss Ingrid Johnson an executive stenographer said that she wrote the dismissal and left a blank for the time of service.

Assemblyman L. L. Johnson, the speaker's candidate for whose friendship Eker was accused of violating the law testified that Eker was not campaign manager because he had none and because he did not make much of an attempt to secure the speakership. There were several other witnesses to be heard from when the senate adjourned.

FORMER CHIEF FLEES BEFORE SANITY COMMISSION

Plans to Inquire into Mental Condition of George M. Shipley, Former Head of Chicago Police, Fail.

Chicago, Feb. 5.—Plans to conduct an inquiry into the sanity of George M. Shipley, former chief of police, failed today because he fled from a local hospital shortly before a county judge, to alienists and other officials assembled to start the investigation. Shipley's whereabouts were not known for three hours after his departure and then, while every policeman in Chicago was searching for his former chief, he appeared at his home.

Shipley was at home in charge of friends tonight. It was said a session of the sanity court probably would be held tomorrow.

Much mystery attached itself to the case. Mrs. Shipley denied that her husband was affected or that proceedings had been started. Soon after the papers were filed in the county court, they were quietly slipped to an assistant who carried them away from the office.

The shooting of Lazarus Averbuch in the Shipley home by James Foley on March 2nd, 1908, unnerved the former chief. Averbuch called ostensibly to deliver a note. Shipley suspecting his caller, grappled with him, and in the fight that followed, Harry Shipley, the former chief's son, the former chief, and Foley, the driver, were wounded. Averbuch died from his wounds.

Shipley left the police department three years ago and has been in failing health ever since.

WILL ENACT STOCK EXCHANGE REFORM LEGISLATION CAREFULLY

No Reform Laws Will Be Attempted Until Members of Exchange Have Chance to Express Their Views on the Subject.

Albany, N. Y. Feb. 5.—No stock exchange reform legislation will be enacted until every one interested will have a chance to express their views of the several bills drafted by Governor Sulzer and introduced in the assembly to day. While one of these measures would fix a minimum rate of interest of 15 per cent on call loans, the governor tonight said he was not committed to such a proposition and that the question of the enactment of legislation calling for the incorporation of the New York Stock Exchange was being held in abeyance until further information is available.

The governor expressed his approval of the action of the New York Stock Exchange in passing a resolution against "wash sales." However, he added, "it went to any harm to enact such legislation."

STATION AGENT SHOT.

Miller, Neb., Feb. 5.—George Hood station agent of the Union Pacific at this place was found to day beside the track close to the depot, with a bullet through his head. He is believed to have been murdered but the depot was not robbed.

BULGARS SUCCESSFUL IN FIRST OPERATIONS

Will Attempt to Capture the Gallipoli Peninsula to Take Turkish Forts

WOULD AID GREEK NAVY

With Capture of Forts Greek Fleet Could Enter Dardanelles and Meet the Turks

TURKS NEED MORE MONEY

LONDON, FEB. 5.—The Bulgarians are devoting their chief attention to the bombardment of Adrianople and an attempt to capture the Gallipoli peninsula, and so take the Turkish forts in the rear.

An official despatch issued at Constantinople indicates that the Bulgarians have been successful in their first operations in the latter and according to a Sofia despatch the capture of Gallipoli is the chief object of Bulgarian ambitions for the time being and no serious attempt will be made to force the Thetalia lines.

The same despatch says that the Bulgarian attack on Gallipoli is supported by the Greek navy in the gulf of Saros. Fifty thousand Bulgarians were landed along this coast last November and it may be presumed that during the armistice this force was strengthened by artillery.

Fleet Could Enter Dardanelles.

Should the Bulgarians capture the Turkish forts there is nothing to prevent the Greek fleet from entering the Dardanelles where, in the opinion of naval officers, could easily defeat the Turkish fleet, in which case Constantinople would be at the mercy of the allies.

The Constantinople correspondent of the Standard sends a strange story, reporting that the remnant of the Turkish army at Monastir, which has never been precisely accounted for, still is operating in that district, and has captured the important town of Koritza, less than fifty miles from Monastir.

The statement attributed to the Greek premier, M. Venizelos, that peace will speedily be concluded, tends to confirm the report current in European capitals in recent days to the same effect, although there has been no evidence in the shape of fresh diplomatic movements to support it.

The Turkish government, however, evidently is in dire straits for money even to dispose of crown jewels and making desperate attempts to place treasury bonds in Turkey, Egypt and among the customs in India. The Ottoman consul at Bombay claims to have applications and bonds amounting to \$2,000,000. It is announced that the ambassador at London has arrived at an agreement upon the formula settling the plan under which the allies will take over a portion of the Ottoman public debt, and settling also the allies' liability with regard to the Ottoman railways.

Report Killing of Bulgarians. Vienna, Feb. 5.—A London despatch, describing the fighting in the Gallipoli peninsula, says that the Greek Zouf bombarded the Bulgarian positions at Myrphyto, killing 300 Bulgarians.

Predicts Peace Soon.

Belgrade, Feb. 5.—The Greek premier, M. Venizelos, who had a long conference today with the Serb premier, M. Pachitch, is reported to have declared at a private banquet that peace would be concluded within a week.

M. Venizelos was also received by King Peter today and started for Sofia tonight.

Conditions at Scutari.

Podgoritz, Montenegro, Feb. 5.—The commandment of Scutari, who had previously refused to recognize the armistice, recently sent an emissary to the Montenegrin headquarters with the request that a neutral zone be established in accordance with the armistice. A reply was returned announcing that the armistice was ended.

This apparently explains the rumor recently current that Scutari was negotiating for a capitulation to the Montenegrins. There is an unconfirmed rumor that Hassan Riza, commandant at Scutari, is dead.

Negotiations Merely Delay.

Sofia, Feb. 5.—General Savoff, commander of the Bulgarian forces, has addressed an order to the army declaring that the Turks object throughout the negotiations was merely to gain time, but that the Bulgarians utilized that time to far greater advantage.

"We are now ready in a better state of preparation than before the declaration of war," says the general, "and in order to break the enemy's resistance finally we shall have to overthrow him by force and scatter his hastily mustered and untrained hordes. We must hurl him to the ground and thereby dictate terms of peace. The Turks must be driven beyond the seas."

1,000 Turk Prisoners.

London, Feb. 5.—During a sortie by the Turkish troops from Adrianople today, 1,000 of them were taken prisoners by the Bulgarians, according to a despatch from Sofia.

Withdrawn From Thetalia.

Constantinople, Feb. 5.—The grand vizier, Mahmoud Scherkef Pasha, who left the capital this morning, visited Hademkeni and returned here tonight. He reports that the Bulgarians have burned Izzendeuk and other villages, afterwards withdrawing from Thetalia.

WEDNESDAY IN CONGRESS.

Senate.

Convened at noon. Inter-state commerce committee deferred final action on house bill for physical valuation of railroads and set February 11th for hearing railroad interests. Joint congressional committee completed official program of inaugural ceremonies.

Informal statement to senate. Senators Chilton and Watson denied all charges against legality of their election.

Adopted concurrent resolution authorizing presentation of claim on Mexico for damages to Americans along border.

Passed bill limiting appointment of navy and army officers to diplomatic and consular service to officers on retired list.

Senator Smith introduced amendment to postoffice bill to admit books and small nursery stock to parcel post.

Reached agreement to vote during legislative day of Feb. 11th, on Connecticut River dam bill, and Senator Burton opened debate in defense of the bill.

Adjournment at 4:13 p. m. until noon Thursday.

House.

Convened at noon.

Territories committee listened to protests against restrictions surrounding development of Alaskan resources.

Exposés committee favorably reported bill for delegation of congressmen to attend unveiling of Jefferson Memorial at St. Louis.

Recommendations that national banks be permitted to loan money on real-estate were made to currency reform committee.

Effort to displace consideration of miscellaneous legislation on Wednesday calendar with debate on District of Columbia appropriation bill failed.

Democrats agree to caucus Saturday evening on battleship appropriation.

Adjourned at 6:35 p. m. until noon Thursday.

GERMANY'S IMPERIAL AMBASSADOR TO SPEAK AT LINCOLN BANQUET

Count Von Bernstorff at Feast in Springfield Will Have For Topic: "Lincoln as Germany Regarded Him."

Springfield, Ill., Feb. 5.—The German empire—through the imperial ambassador at Washington, will pay its tribute of respect to the memory of Abraham Lincoln at the annual celebration of the birth of the martyred president in Springfield next Wednesday. Speaking with the German ambassador at what is expected to be one of the most notable banquets given in Illinois, will be U. S. Senator Joseph Bailey of Texas. Count Von Bernstorff's topic will be "Lincoln as Germany Regarded Him."

Former Senator Bailey will speak from the topic: "If Lincoln Lived Today."

The German consul from St. Louis will head a delegation of about fifty from that city, while forty prominent German-Americans including the German consul, will come from Chicago. Former Vice-President A. E. Stevenson will be one of a party from Bloomington.

The banquet will be held in the state arsenal, beginning at seven o'clock. The guests will include representatives from nearly every city of importance in Illinois. By joint resolution of the Illinois general assembly Ambassador Von Bernstorff and Senator Bailey have been invited to address the joint assembly Wednesday afternoon.

Representative Ashton said tonight:

"The Progressive Democrats of the house are preparing for a fight next Tuesday for Progressive rules that will insure legislation in accordance with Governor Dunne's message. We have a speaker chosen by the conservative Republicans and the conservative Democrats."

Between 15 and 20 of the Democratic members who voted for McKinley are progressive. These men will have to choose next Tuesday between the Progressive and reactionary members of the house. We believe that fully two-thirds of the membership of the house is in favor of the Progressive ideas as advocated by Governor Dunne. It seems to be agreed that old rules must be abolished, and that the committee shall not be chosen by the speaker but by a committee on committees to be chosen from the floor of the house."

Two propositions had been submitted to the Progressive Democrats one clearly contemplating a breach in Progressive ranks and that "Progressive membership on the committees shall be chosen by persons who are not Progressives."

He did not consider either worthy of consideration. He declared the Progressive Democrats will select their own members on committees.

At night a conference at the executive mansion in connection with the senatorial situation occupied Governor Dunne until a late hour.

Democrats Caucus Monday.

Late tonight, after a conference participated in by Governor Dunne, Committee Chairman Boeschstein, Charles W. L. Mann, president pro tempore of the senate, Speaker William McKinley and other Democratic leaders it was agreed to call a Democratic senatorial caucus for next Monday night to determine upon a candidate for the short term in the federal senate.

The understanding tonight is that no action will be taken relative to the senatorial situation occupied Governor Dunne until a late hour.

APPOINTMENTS WILL BE MADE MARCH 1ST

Dunne is Determined to Keep Patronage Subject Out of Senate Fight

NOMINEES ARE BUSY

Col. Lewis and Judge L.Y. Sherman Hold Many Conferences With Friends and Advisers

DEADLOCK IS A CERTAINTY

SPRINGFIELD, ILL., FEB. 5.—Governor Edward F. Dunne today announced that he would not take up the matter of state appointments until March 1st, which was taken by some to indicate that the new governor had made up his mind to keep the subject of patronage separate from the fight for the two United States senatorships as far as possible.

Balloting on the two senatorships will begin in the separate houses of the legislature next Tuesday, and the first joint session for this purpose will be held Wednesday noon Feb. 12th. A stubborn deadlock over the senatorships now seems almost a certainty.

Hold Many Conferences. Colonel James Hamilton Lewis of Chicago, primary nominee for senator, Judge L. Y. Sherman of Springfield, Republican, senatorial primary nominee, today held a number of conferences with friends and advisers, and finally preparations were started for next week's struggle in the legislature.

Colonel Lewis talked with the governor for some time in the executive offices at the state house.

Other Democratic leaders who remained in Springfield for conferences included Charles Boeschstein, Democratic national committeeman from Illinois; Arthur C. C. Carnell, chairman of the Democratic state committee and William L. O'Connell of Chicago, Governor Dunne's chief political adviser. All were reticent regarding the plans that were being made for handling the senatorial fight. However, it was said that there would be an important conference of Democratic leaders in Chicago Sunday and Monday at which final decision would be made for the opening of the activities before the legislature on Tuesday and Wednesday.

Opposition Join Forces. One of the lines of opposition to the Republican-Democratic combination in the house was disclosed tonight when it became known that Socialists, Progressives and Progressive Democrats had joined forces and were preparing to wage a vigorous fight beginning next Tuesday.

The name of Representatives Henry M. Ashton of Chicago, Frank Gillespie of Bloomington, Henry A. Foster, Seymour Steadman of Chicago and Fayette Monroe of Highland Park, were mentioned among those who perfecting next Tuesday's program of action.

Representative Ashton said tonight:

"The Progressive Democrats of the house are preparing for a fight next Tuesday for Progressive rules that will insure legislation in accordance with Governor Dunne's message. We have a speaker chosen by the conservative Republicans and the conservative Democrats."

Between 15 and 20 of the Democratic members who voted for McKinley are progressive. These men will have to choose next Tuesday between the Progressive and reactionary members of the house. VASSAR STUDENT DROWNED IN POND

FOUR OTHER GIRLS HAVE NARROW ESCAPES FROM DEATH

Girls Lose Control of Toboggan Which Carries Them Out on Thin Ice of Artificial Pond Into Water Eight Feet Deep.

POUGHKEEPSIE, N. Y., FEB. 5.—Five Vassar students tobogganing in the college grounds tonight lost control of the toboggan which ran out on an artificial pond, broke through the ice and Elizabeth B. Mylod of Poughkeepsie, daughter of Corporation Counsel John Mylod, was drowned. The other young women were rescued after a struggle.

On the toboggan besides Miss Mylod were Myra Hulst of New Hamburg, N. Y., Mildred Keniston of Cambridge, Mass., Laura Reimer of Kingston, N. Y., and Anna J. Oldham of Cleveland, Ohio.

The girls were coasting down Sunset Hill in the rear of the college. When their toboggan went out on the thin ice of the lake their cries for help were heard by Prof. George B. Shattuck, who was at work in his laboratory nearby. He rushed to the pond and succeeded in rescuing three of the girls. A fourth member of the party was brought to safety by Miss Phoebe Briggs of Sacramento, Calif., who jumped in to the water and dragged her companion to the shore.

Miss Mylod had disappeared and her body was discovered an hour later under the ice in eight feet of water.

KROO NATIVES OF LIBERIA ARE DEFEATED BY AMERICAN OFFICER

Major Ballard With Force of Liberian Soldiers Raises Kroo Stronghold After Severe Fighting.

Monrovia, Liberia, Feb. 5.—A crushing defeat with heavy slaughter was inflicted on the Kroo natives of Liberia on Jan. 27 by Major Ballard, one of the American officers lent some time ago to the Liberian government.

Despatches brought today by runner state that Major Ballard with a force of Liberian troops raised the Kroo stronghold at Rock Cass on that date, after severe fighting.

Major Ballard's force lost eight killed and fifteen wounded. The Kroos were responsible for the recent arrival of the German gunboats Panther and Eber off the Liberian coast. The German residents in Liberia had represented to the German government that their lives and interests were in danger.

Former U. S. Army Officer. Washington, Feb. 5.—Major Ballard, who led the Liberians to victory over the Kroo natives, is a former United States army officer. He went to the aid of the Liberian army about a year ago, after an exchange of correspondence on the subject between the government at Monrovia and the state department.

First Blood is Shed in Garment Worker's Strike

Proprietor of Clothing Shop Fires Shotgun Into Crowd, Killing One Girl and Injuring Three Others.

Rochester, N. Y., Feb. 5.—The first shedding of blood in connection with the strike of Garment Workers, which has spread from New York to this city and Boston, occurred here today when Valentine Sauter, proprietor of a clothing shop, fired one shell from a shotgun into a crowd of strikers, who were engaged in a demonstration in front of his place of business.

Ida Brauman, a girl striker, 17 years old, was killed by the shot and three other persons were injured. Two of the wounded are women.

Sauter employs about forty machine hands and seven hundred strikers went to his shop this afternoon in an effort to persuade the operatives to walk out.

During the demonstration, stones were thrown freely, and Sauter fired from an upper window of the shop.

Sauter was arrested on a charge of first degree murder.

WILL SEND NO TROOPS TO INAUGURATION

Albany, Feb. 5.—New York state will not spend a dollar to send troops to the inauguration of the president-elect, Governor Sulzer has decreed. Notwithstanding this, several organizations, the governor says, have signified their intention of going at their own expense and he expects the state to be adequately represented.

The governor thinks presidential inaugurations should cost the state nothing.

Governor Sulzer will ride a horse at the head of the New York troops in the inaugural parade.

SUITS AGAINST ADOLPHUS BUSCH

New York, Feb. 5.—A lien (Lis Pendens) was filed here today against the real property of Adolphus Busch, the St. Louis brewer to protect the interests of six plaintiffs in suits now pending in Monroe county, New York, to recover almost three-quarters of a million dollars. The suits are based on the common ground that the defendant made fraudulent representations which induced the plaintiff to buy stock in the United States Independent Telephone company about seven years ago.

TELLS OF STRANGE MYSTERY OF THE

SPRING HATS

We are showing the spring models in men's stiff Hats, in the regular weights; also the self-conforming "flexible" felts.

If you have not examined the merits of

Duofold Health Underwear

we shall be glad to show you it. It's two fabrics fastened together, giving the warmth without the "stuffy" feeling, Good for spring wear. Union suits or separate garments.

DUNNE SAYS HE HOPES TO SEE LEWIS SENATOR

Governor and Candidate for Long Term Senatorship Held Conference—Hopkins Has Entered Race.

(Springfield News) Colonel James Hamilton Lewis and Gov. Edward F. Dunne held a long conference in the executive offices Wednesday on ways and means to be employed in securing the election of Colonel Lewis for the long term senatorship. Before the conference ended, Arthur Charles of Carmi, chairman of the democratic state central committee, hurried into the executive offices and joined in the discussion, and later William L. O'Connell, Governor Dunne's confidential political advisor, added the weight of his experience and judgment.

Just before the conference Governor Dunne declared that he would do everything in his power to get the democrats of the house and senate to unite on Lewis and some other democrat for the two senatorships.

Dunne is Hopeful

"Do you believe they will all go into a caucus and stand together?" the governor was asked together.

"I hope so," he replied; "sincerely hope so."

Colonel Lewis was asked what he thought about the situation.

"It is very hopeful," he said.

He was not willing to say what might or might not happen in the way of a caucus. He expects to return to Chicago Thursday and will be back in Springfield next week. He will spend most of his time here until the senatorship is settled.

May Get Two More

George R. Bruce of Chicago, the democratic candidate for the legislature from the Twenty-third district who was declared elected by the Cook county canvassers on a technicality but was later deposed by the state canvassing board and replaced by George A. Miller, republican, was one of the callers at the executive offices. By the action taken in the supreme court by the new democratic majority to day in filing an answer in the Bruce and Felts case, it is hoped by the democrats that two more votes may be granted to Lewis.

Hopkins Active

Just how much effect the candidacy of Albert J. Hopkins for the short term senatorship will have on senatorial contest which will begin in the general assembly next week, is a problem that is causing all sides more or less worry just now. A report that some of the republican state senators are threatening to insert that Hopkins be given the short term, regardless of the effect such insistence will have on the candidacy of L. Y. Sherman has caused some uneasiness.

If the republicans hope to elect Sherman, they must be united for him. To select two republicans to the senate is considered out of the question on the republican side and by some the increasing Hopkins feeling is viewed in the light of a counter movement started for the sole purpose of defeating Sherman.

Hopkins chances slim

Hopkins' chances are admittedly slim. He is basing his claim for the toga on the fact that he was the primary nominee when the legislature elected Lorimer and that therefore, since Lorimer has been removed, he should be chosen to that place at this late day.

Sherman, however, has the more recent popular endorsement and the republicans hope to land him in the long term place. They could not do this and give Hopkins the short term.

The republicans of the house and senate will caucus Monday.

Vote Separately First

The senate and the house will vote separately on the senatorship next Tuesday. On Wednesday the joint ballot will be taken, according to the understanding of the law, which the attorney general has been asked to construe. Headquarters will be opened here by all of the candidates the first of next week.

The progressives have not decided just whom they would support for senator. Medill McCormick is favored by some but bitterly opposed by others. Frank H. Funk has had headquarters ever here since the assembly opened, but he has little chance of getting anywhere with it. Walter Clyde Jones is in a receptive mood.

ALLEGED VIOLATIONS OF LAW WILL BE INVESTIGATED

Use of Sulphur in Unlawfully Coloring Oleomargarine Will be Subject of Inquiry.

Chicago, Feb. 5.—Investigation of alleged violations of the oleomargarine law. It was learned today, has been renewed by the federal grand jury here pursuant to orders of Federal Judge Landis, who instructed the foreman to proceed with the inquiry regardless of reported compromises pending before the treasury department of Washington.

The companies aimed at are said to have used sulphur in the unlawful coloring of product. Much secrecy has involved the identity of the witnesses.

Attention was first drawn to the frauds by Captain H. R. Preyer, an army officer, stationed at Fort Porter, New York, who discovered that the oleomargarine he had used had turned silver knives black. Some weeks ago Judge Landis heard of the alleged frauds and ordered an inquiry.

Garland & Co. are having a special suit and overcoat sale.

BILL TO REGULATE SALOONS.

Des Moines, Feb. 5.—Saloon keepers in Iowa will be permitted to keep their places open only from seven o'clock in the morning until seven in the evening if a bill passed by the lower house of the Iowa legislature to day meets with the same reception in the senate and signed by Governor Clarke. The house voted for the bill 69 to 20. The effect of the bill would be to cut the open time of saloon from 17 to 12 hours.

ILLINOIS LOSES TO SHURTLEFF

WINS IN BASKETBALL BY SCORE OF 20 TO 16.

Local College Five Puts up Medico Game and Loses Contest by Small Score—Will Play Normal Here Saturday.

Playing below their usual standard, Illinois basketball team fell a prey to the Shurtleff college five last night losing by a score of 20 to 16. Shurtleff had no license to win the contest as Illinois had the game coming their way in the first half when the score was 10 to 8 in favor of the locals. Gary was the only man of the Illinois team who appeared to be in form, while Coulter, center for Shurtleff made 12 out of the 20 points the visitors won. In the first half Illinois had seven fouls called on them and in the second half only three. Shurtleff threw 8 out of 9 free throws. In the first half Illinois made 5 field goals and Shurtleff one, and in the second half Shurtleff made five field goals and Illinois three.

Illinois chances for winning the game against Normal university here Saturday night are slim, taking into consideration that Normal trimmed the locals at Normal last week by a score of 45 to 15 and that Illinois put up such a mediocre game last night. Coach Harmon expects to put his men in good shape however for the coming fray against the Normalites and it is probable that there will be some shifting of players, as the coach has some splendid material in his second team.

The following is the summary of the game.

Illinois	F.B.	F.T.	T.P.
Jaccard, lf	1	0	2
Gary, rf	4	0	8
Tandy, c	3	0	2
Purr, rg	0	0	0

ATTEMPT IS MADE TO KILL PRESIDENT OF SALVADOR

Dr. Manuel E. Erazu is Wounded But Not Seriously by Guatemalan Sent From Guatemala City to Assassinate Him.

San Salvador, Feb. 5.—An attempt was made last night to assassinate the president of Salvador, Dr. Manuel E. Erazu.

The president was wounded in several places, but none of the wounds is considered serious.

Several persons were involved in the attempt and the leader of the president's assailants is under arrest. He is a Guatemalan, who gave the name of Virgilio Mulatillo. He arrived in this country only a few days ago. Mulatillo made a confession in which he declared that the plot to assassinate President Erazu had been concocted at Guatemala City and that he had been sent directly to San Salvador to carry out this mission.

VILLAGE BOARD MEETS.

South Jacksonville Body Considers Opening New Streets—To Place More Lights.

At the regular meeting of the village board of South Jacksonville held Wednesday night a committee was appointed to confer with the attorney relative to opening some new streets, and it was decided to place five new lights.

The meeting opened with all members present and the president, Herman Weber, in the chair, and all properly approved claims were ordered paid. The street and alley committee reported that it had used the snowplow on all the walks of the village and a vote of thanks was tendered to Grant Graff for work that he did along that line.

Upon motion of Loren Cannon, chairman of the light committee, it was decided to place five new lights in the village, one at the intersection of Hardin avenue and the Vandalia road, one in front of the Maplewood school on South Main street, one at the corner of East Greenwood and Jones avenues, one at the corner of Church street and West Greenwood avenue and another at the corner of Pennsylvania avenue and Church street. This will make a total of twenty-one lights in the village. The pound master reported that two cows had been taken up and the usual fee had been collected.

A committee composed of E. E. Beasly, William Hembrough, James Baxter and Herman Weber was appointed to confer with the attorney relative to the matter of opening up new streets. After transacting a number of minor matters of business the board adjourned to meet February 19.

CHARGES THAT SPIES STOLE TRADE SECRETS.

Chicago, Feb. 5.—Spies in the employ of the so-called "lumber trust" were kept in station in the building material departments of large mail order concerns in order to "steal" trade secrets of the business, according to testimony given to day before Examiner Roy Fuller. Carl F. Heitschmidt, yard superintendent of one of the mail houses, testified that L. Y. Boyce, a defendant in the proceedings had told him that certain employees of mail order concerns were placed there for the purpose of obtaining the firm's secrets. The witness told also how Boyce had attempted to employ him as a spy offering him a weekly salary and promising to "take care" of him in case he was detected.

**WILL PREACH SERMON
TO STUDENTS OF CITY**

Special Discourse Tonight at Grace Church Revival—"The Midnight Cry." Subject Last Night.

Thursday night at the Grace church revival will be students night. Special music will be planned in connection with the song service by the chorus.

Last night Rev. Mr. Miller preached on "The Midnight Cry." It was an urgent appeal to get ready while time and opportunity were given. It would seem that many men had settled back upon the determination to live this life as they pleased and risk getting ready for death when they were compelled to face it. For the present it is business, or pleasure or ambition. What daring! What hard lines they draw for their souls! What chance has a man who puts off till the last days his preparation for the eternal life? He has practically none. He has deliberately cut himself off. How does the law consider a man's capabilities when in his last days? Generally the courts decide that a man is not fit to transact the business he is most familiar with and that he has thought over for a thousand times during his life. Courts decide commonly that wills made under such circumstances will not stand against the broad methods of distribution of property courts of equity have worked out. Now then, if the judgment of men, a man in the weakness of his last days, is not capable of transacting the simple business of this life what shall we say with reference to meeting the issues of immortality? God's word no where gives encouragement to delay in the hope that these eternal matters may be adjusted in the last hours of life. It is "a cry at midnight" when all is dark when there is little chance. Why will sensible men delay a matter of such consequence to a time in life when ordinarily they are incapacitated to do anything right?

When that midnight cry comes there will be confusion, distress and dismay. Instead of calmness and clearness of judgment which are necessary to meet so grave interests. How vivid is the picture drawn by the Savior's hand in the five virgins who sought to secure oil for their lamps after the midnight cry had warned that the time to rise and enter in had come. They hurried to secure oil for their lamps. It was too late. The door was shut. It never opened to them. Though their friends who were ready entered in; though they had been expecting to enter in, though they greatly wanted in they were too late. Sad, sad the bitter wail, "almost but lost."

High school concert—350 voices—Thursday, Feb. 6, 7:45 p. m. High school auditorium. Admission 25c.

Whottaker, E. O.

To avoid delay in delivery, have your mail addressed to street and No. P. O. box, general delivery or R. F. D. No. Advise correspondents of your correct address.

Most of the delays in delivery of mail are caused by the addressee not giving a proper local address or the writer not using it. It is not an uncommon occurrence to have a number of persons by exactly the same name receiving mail from the same postoffice, in which case it is impossible to make prompt delivery unless each piece of mail bears the correct local address.

Orders for change of address should be in writing and should be signed by the person whose mail is affected, or his lawful agent, or the person in whose care the matter is addressed.

On giving orders to deliver or forward mail or any change of address it is very important that names are given in full. To illustrate: An order for Henry Wadsworth Longfellow and wife should read, Henry Wadsworth Longfellow, Mrs. Henry Wadsworth Longfellow and Mrs. Mary Storer Longfellow.

If you have written a letter to some person in another city, without having your return address on the envelope and it has not been received by the addressee, watch the advertised list, as you may have addressed it to Jacksonville, Ill., instead of the other city. The necessity of advertising many of these letters is caused by this error.

Please call at the postoffice for these letters as they may be for another person by the same name.

Orders for changes of address should be in writing and signed by the person whose mail is affected.

Parties calling for this mail must say "Advertised" and pay 1c postage due on each piece.

J. J. REEVE, P. M.

High school concert—350 voices—Thursday, Feb. 6, 7:45 p. m. High school auditorium. Admission 25c.

THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were: maximum 13, minimum 8 below. One inch of snow fell during the day.

Patterns**MILLIONS ARE SAVED IN
FINDING NORTH AND SOUTH POLES**Amundsen Explorer, Tells How
Weather Can Be Predicted by Arctic Regions.

Chicago, Feb. 5.—From the scientific standpoint, the discovery of the north and south poles are declared to be the two greatest feats in exploration since Columbus crossed the Atlantic in 1492. The significance of the recent accomplishments was made clear by Captain Roald Amundsen, who led the expedition which penetrated into the heart of the antarctic region and planted the flag of Norway with in one mile of the earth's southern axis.

"It is hard for the lay mind to appreciate the importance of the discovery of the north and south poles," he said. "It is true that from the commercial standpoint nothing has been added to the world's wealth directly, but now, that scientific data has been obtained, it will soon be possible to make weather forecasts that are absolutely correct."

To Save Nations Millions.

"Already the Norwegian government is making arrangements to establish permanent observation stations in both the arctic and antarctic regions. The unchanging weather conditions make it possible to communicate with the outside world constantly by wireless telegraph, and in a few short years when the results of the experiments now soon to be made have been tabulated it will be possible to predict the weather exactly. Think of the millions of dollars that will be saved to agriculture."

The explorer will remain in America for six months, during which time he will lecture in the principal cities. Later he will return to Christiana, where he will start preparations for another expedition into the region of the north pole. He will start he says, January 1, 1914, from San Francisco.

"I am convinced that Captain Peary reached the north pole," continued Captain Amundsen, "so I shall not attempt to cover the same ground. The sole purpose of my expedition, which is being financed by the geographical society of my home city, is to make more complete observations than Commander Peary had time to make. Now that the north pole has been discovered, more time should be devoted to that mysterious region surrounding it."

Reach Pole on Skis.

"If any one should ask me why I succeeded in reaching the south pole, when Captain Scott and Shackleton have failed, I should say that it was because I used skis, after the manner of the Norwegians. The members of my crew were born in a land of snow and instinctively knew the best methods of combating it."

MISSIONARY SOCIETY.

The Woman's Foreign Missionary society of Grace M. E. church met Wednesday afternoon with Mrs. John Berry on West College avenue. The devotion was led by the president, Mrs. M. R. Gates, and a splendid paper was read on "Fishing," by Mrs. J. W. Lowdermilk. The mystery box was in charge of Mrs. M. R. Gates. Following a brief business session a social time was enjoyed and light refreshments were served.

KENWOOD

Cigars are good, 5 1-2 inches long.

It's Great for Biscuits

We recommend for your use Richelieu Self Rising Biscuit Flour. It requires no yeast, baking powder, salt or leavening but its quality and ingredients are such that with just the slightest care its use will mean light and flaky biscuits, the kind that melt in the mouth. Comes in small sacks.

Richelieu Wheat Bran

This is a specially selected bran flour and especially packed for use in making bran bread, gems and biscuits. More and more people are coming to use bran bread as they begin to appreciate how nourishing and healthful it is. Bran bread, well baked is very appetizing and has brought health to many a man.

"THE WHITE MAN THAT WOULD GO ON."

The fact that this year the centenary of the great African explorer Livingston will be celebrated, has brought to attention a phrase which the natives applied to him in the days of his activity. They called him, and with good reason, "The white man who would go on." There is much in the phrase and it breathes of untiring perseverance indomitable will and unflinching courage. Such a phrase would make a splendid motto for any man and would lead on to victory and accomplishment worth while. The Chamber of Commerce is an organization of men and the motto would be even better for an organization than for individuals. When the great majority of the members catch the spirit which the African natives testified belonged to Livingston, then Jacksonville will surely be termed "The city that will go on."

PROPOSES TO MAKE CHANGES IN WORLD'S CALENDER

Prof. Crook of Illinois Natural History Museum Interested in Movement—Would Provide Months of Even Number of Days.

Prof. A. R. Crook, curator of the Illinois Natural History Museum, is mailing to various scientific organizations a letter asking their opinion of the new calendar proposed by the scientist, Oberlin Smith. The replies he receives will be reported to a special committee of the Illinois Academy of Science which was some time since appointed for the purpose of making recommendations looking to a revision of the present system of designating the time of the week, month and year.

The members of the committee are Prof. A. R. Crook, Prof. T. C. Chamberlain, University of Chicago; Prof. Moulton, University of Chicago; Dean E. J. Townsend and Professor C. G. Hopkins, University of Illinois.

Study of Years. For ten years Professor Crook has been engaged in an endeavor to perfect a calendar and the one he has evolved is very similar to that one proposed by Oberlin Smith, though Prof. Crook believes he has eliminated some of what he thinks are objections in the Smith calendar in preparing his own.

The calendar as arranged and which will probably be recommended by the committee of the Illinois Academy of Science, will begin with the year 1919, and it is so constituted that the days of the week fall on certain days of the months, the same in each year. If this calendar should become accepted generally, it would be unnecessary to have a new calendar at the beginning of each year, and the holidays, Fourth of July, Christmas and others which now occasionally fall on Sunday would do so no more. Lincoln's birthday would be only holiday in this state which would fall on Sunday, under the new arrangement.

Regular Dates. The calendar divides the twelve months into four seasons of ninety-one days each. January, February and March constitute winter, April, May and June spring, July, August and September summer, and October, November and December autumn.

The first month in each of these seasons has thirty-one days and the other two have thirty. This makes 364 days. The other day of the year is called "Sylvester." It will not be called by any other name and it will be the New Year's day.

In order to take care of Leap year, one extra day is added on those years to be known as Leap day. It comes between the thirtieth of June and the first of July and will not be called by the name of any week day.

By this means each day of the week will fall on a certain day of the month year in and year out.

The perpetual dates for holidays will be as follows: Lincoln's Birthday, Sunday, Feb. 12; Washington's birthday, Wednesday, Feb. 22; Decoration day, Thursday, May 30; Independence day, Wednesday, July 4; Labor Day, Monday, Sept. 4; Columbus day, Thursday, Oct. 12; election day, Tuesday, Nov. 7; Thanksgiving day, Thursday, November 30; Christmas, Monday, December 25; Sylvester Evening, end of year.

POLICE CAPTAIN CONFESSES. New York, Feb. 5.—Police Captain Thomas W. Walsh, accused by Patrolman Eugene Fox as the man to whom he paid his graft collections for five years, tonight sent for District Attorney Whitman and according to a statement by the district attorney confessed to his part in the alleged police graft.

District Attorney Whitman said that Walsh sent for him and asked for no immunity and was offered no inducements to tell his story in which it is said that he implicated two men "higher up" in the police department and declared that every collected by Fox had been shared by him with an inspector after 10 per cent had been kept out by Fox as his share of the fund.

Walsh could not recall tonight off-hand the amount paid by him to the inspector but he thought it would reach between \$25,000 and \$50,000. He had no knowledge of the collections in other precincts of the district of which there are four, but expressed the opinion that they had been large.

Garland & Co. are offering fifty suits ranging in price from \$16.50 to \$28.50 for \$10.

ONE DEAD AND THREE INJURED IN RANCH FIGHT

Alma, Colo., Feb. 5.—Oswald Troloway is dead and Fred Kemper as perhaps fatally wounded while Mr. and Mrs. John L. Roberts are seriously hurt as the result of a fight with butcher knives at the Roberts ranch ten miles from here today.

According to the report brought here, Troloway and Kemper, employees of Roberts began fighting and Mr. and Mrs. Roberts were injured in trying to separate them.

IN THE SPORTING WORLD.

COLUMBIA, MO., FEB. 5.—University of Missouri—29; University of Washington 11.

STOUGHTON, WIS., FEB. 5.—Another ski meet will be held on the Stoughton hill next Saturday, making the second this year.

URBANA, ILL., FEB. 5.—Swimmers of the University of Illinois and Princeton will compete here on March 21st, it was announced today. Princeton won last year.

SALT LAKE CITY, UTAH, FEB. 5.—Mike Yokel of Salt Lake, tonight defeated Henry Gehring of Cleveland in a middleweight wrestling bout here. The first fall in 1:47 and the second in 50 minutes.

NEW ORLEANS, FEB. 5.—Joe Mandot, the local light-weight, will not meet Harlem Tommy Murphy in San Francisco, Feb. 22, in a twenty round bout, because of a severe attack of grippe. An effort is being made to fix a later date for the fight.

SPRINGFIELD, MASS., FEB. 5.—Returns from the nineteenth and twenty rounds in the indoor league of the United States revolver association were announced tonight. The Manhattan Club of New York city and the Olympic club of San Francisco continue to lead having won all their matches to date.

MASONIC NOTICE. Jacksonville Lodge No. 570, A. F. and A. M., will hold a stated meeting tonight at 7:30. Also work. Visiting brothers welcome. Warren Case, W. M. E. L. Kinney, Sec.

DIES AT THROTTLE.

Springfield, Mo., Feb. 5.—A Frisco freight train ran five miles this morning with a dead man at the throttle, it was learned here tonight. The train left Fort Scott, Kan., for Sapulpa, Okla., with E. Kreits as engineer. Five miles out of Fort Scott, Fireman J. S. Smith, noticed the engineer with his hand clutching the emergency air brake, huddled up in his seat. He was dead and so tight was his grip to the air brake the fireman could not remove the hand to stop the engine. He applied the brake by putting his own over that of the dead engineer.

MINE SITUATION CRITICAL.

Charles, W. Va., Feb. 5.—The mine situation in the Cabin and Paint Creek districts of West Virginia is critical tonight. Sheriff Bonnerhill of the Cabin Creek section tonight requested that Governor Glasscock send Adjutant Elliott into Cabin Creek to investigate. Last night a condition of anarchy existed at Acme, a mining town. Over 300 shots were fired from the mountain-side into the town. Nearly every building in the town was perforated by bullets but no one was injured.

FAITHFUL DOGS GUARD MASTER'S BODY.

Chicago, Feb. 5.—Guarded by two faithful bull dogs, John Zipf known as the hermit of Prairie Creek, near Joliet, Ill., was found dead to day in his shack, which he built thirty-five years ago.

The body could not be brought out as the dogs would allow no one to enter the place. So ferocious is their defense, it is said they will have to be shot.

UTAH VOTES DOWN FEDERAL AMENDMENT

Salt Lake City, Utah, Feb. 5.—A joint senate resolution ratifying the amendment to the federal constitution providing for the direct election of United States senators was killed in the Utah senate today. The vote was nine for, seven against and two not voting. Both the Republican and Democrat state platforms at the last elections endorsed the amendment. All the Democrat senators supported the resolution.

FEDERAL PROSECUTOR TO ASSIST.

Chicago, Feb. 5.—A staff of federal prosecutors has arrived from Washington to assist United States district Attorney Wilkerson in the trial of alleged \$10,000,000 Alaskan coal land frauds which will begin before Judge Landis, March 3rd. The defendants are Albert C. Frost and a number of others indicted on a charge of conspiracy. Andrew Christensen, special attorney general, has charge of the case.

PLAYED "HOOKEY."

DISCOVERED FIRE. Chicago, Feb. 5.—Willie Benson played "hookey" from a Batavia school today and his teacher knows it, but he will not be punished for his infraction of the rules. The reason Benson will not be punished is that he discovered the school house in flames and notified the teacher in time for all the pupils to escape safely.

MURDERER CAPTURED BY TRAINMEN.

Minneapolis, Minn., Feb. 5.—Clinton Smith, accused of murdering Mrs. Tamar Collins Hanson, late last night, was completed tonight by the trainmen of a Minneapolis, St. Paul & Sault Ste Marie passenger train, west of Glenwood, station and later turned over to Sheriff A. H. Grant of Buffalo, Minn., where he was placed in jail.

WILL GO ON BONDS.

St. Louis, Mo., Feb. 5.—Frederick D. Gardner, a wealthy manufacturer said tonight he would qualify as bondsman in the sum of \$70,000 for Paul J. Morin and John H. Barry the St. Louis men convicted at Indianapolis as accomplices in the "dynamite plot."

Bonds for the men have been received but are being held up.

GOVERNORS OF ILLINOIS

The following is a list of the former governors of Illinois, with the dates of their inauguration. Shadrach Bond, Democrat, October 6, 1818. Edward Coles, Democrat, December 5, 1822. Ninian Edwards, Democrat, December 6, 1826. John Reynolds, Democrat, December 6, 1830. William D. D. Ewing, Democrat, November 17, 1834. Joseph Duncan, Democrat, December 3, 1834. Thomas Carlin, Democrat, December 7, 1838. Thomas Ford, Democrat, December 8, 1842. Augustus C. French, Democrat, December 9, 1846. Augustus C. French, Democrat, January 8, 1849. Joel A. Matteson, Democrat, January 10, 1853. William H. Bissell, Republican, January 12, 1857. John Wood, Republican, March 21, 1860. Richard Yates, Republican, January 14, 1861. Richard J. Oglesby, Republican, January 16th, 1865. John M. Palmer, Republican, January 11, 1869. Richard J. Oglesby, Republican, January 13, 1873. John L. Beveridge, Republican, January 23, 1873. Shelby M. Cullom, Republican, January 8, 1877. Shelby M. Cullom, Republican, January 10, 1881. John M. Hamilton, Republican, February 6, 1883. Richard J. Oglesby, Republican, January 30, 1885. Joseph W. Fifer, Republican, January 14, 1889. John P. Altgeld, Democrat, January 10, 1893. John R. Tanner, Republican, January 11, 1897. Richard Yates, Republican, January 14, 1901. Charles S. Deneen, Republican, January 9, 1905. Charles S. Deneen, Republican, January 18, 1909. Edward Duneen, Democrat, Feb. 3, 1913.

WIFE OF FORMER SENATOR HELD FOR DESTROYING PROPERTY

Superintends Cutting Down of Large Tree Which Obstructs Her View to Street.

Washington, Feb. 5.—Mrs. John B. Henderson, wife of former Senator Henderson of Missouri, was today served with a police court warrant charging her with destroying District of Columbia property. She was not arrested, but was ordered to appear in court tomorrow.

Mrs. Henderson, one night about a week ago, held a lantern while she superintended two laborers from the Henderson estate in cutting down a large tree which she declared blocked her view to Sixteenth street, popularly known as "the avenue of the presidents."

UNDERWENT OPERATION.

Mrs. Charles A. Rose of Jordan street underwent a serious operation at Passavant hospital, Wednesday morning. The operation was successful and last evening the patient was doing as well as could be expected.

TAKE ADVANTAGE OF THE SNOW

The first real winter weather is here and the sleighing is fine. Don't overlook the chance for a bob sled ride. Get your party together for tonight. Cherry can take you comfortably and at reasonable cost.

GRAND OPERA HOUSE

Wednesday Afternoon and Evening.

DON'T WORRY, Ask Imga About It,

Wednesday Afternoon and Evening

Imga, Woman of Mystery, will be the feature attraction at the Grand. Her mental powers are wonderful and will astonish and interest you. Ask her question that have worried you. She will answer them correctly and set your mind at ease. The act is entertaining, instructive and amusing. Special matinee for ladies only Friday from 2 to 5. Questions of a personal nature as well as any other will be confidential.

Those famous prices still prevail—5 and 10c.

BUTCHERING A BULL.

Some Alton Men Have a Hard Time Accomplishing It.

The Alton Daily News has the following about some of its citizens: "Fred Bextermiller, being desirous of slaughtering a two year old bull Wednesday, called in some of his neighbors and quite a bit of excitement resulted. He called in Louis Greenwald, Mat and Henry Bextermiller, Joe Feltes and Philip Geiben. The bull was in the stable and Geiben was assigned the task of doorkeeper while the others in the stable undertook to get a ring in the animals nose. The bull was not willing and after an hour they decided upon ambuscade measures. They offered the animal some corn and when he stuck his head over the manger to get it the rope was finally placed around his head, halter fashion. Then they hollered to Philip to open the door and let him out. At first the bull did not want to come out but he made up his mind soon to come out and came with a rush. The lot gate was also open and he continued on his mad dash out into the field with the five men holding the rope being dragged along. Out in the field was a cotton wood tree which had been chosen as the place of slaughter. No one wanted to hold the rope while Fred Bextermiller used the rifle because it was feared his aim might be so bad, so Joe Feltes finally decided to climb the tree and fasten the rope to a limb. But the others were afraid the bull would pull the limb off and he finally climbed the barn and made the rope fast to a timber of the structure. Fred Bextermiller shot the animal twice with the rifle but the two shots only made the bull mad. Then he got a shot gun and killed the bull.

QUICK RELIEF

FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

Clears Skin of Worst Eruptions

Remarkable Action of a Remedy That Drives Every Speck of Poison From Body.

There is a strange, mysterious power in a remarkable blood medicine that finds its way through the circulation by what is known as Divine selection. The remedy is Swift's Sure Specific, or S. S. S.

Science cannot explain just why certain elements in the blood feed the bones, others nourish the hair roots, and so on. And it is this same mysterious action of S. S. S. that attacks all diseased spots, drives away all germs, heals all sores and supplants the activity of disease germs with the powerful healing action of leucocytes. Remarkable testimonials have been written that prove beyond question there is no blood disease but what can be cured by S. S. S. And in all those cases that were treated with mercury, iodides, arsenic, copper and other minerals with no permanent effect, the most astonishing recoveries have been made by S. S. S.

There is not a blood taint of any nature that can remain in a system fortified by this most wonderful remedy, for it is absolutely pure and contains only those elements that the blood naturally assimilates, and which the tissues gratefully accept. It agrees with the most delicate stomach, even in those cases where the use of strong drugs has so weakened the digestive system that medicine cannot be given. Get a \$1.00 bottle of S. S. S. at any drug store and thus be assured of a complete cure of any eruptive blood disease. If your case is peculiar and you desire special advice write to The Swift Specific Co., Medical Dept., 127 Swift Bldg., Atlanta, Ga.

GREAT CHURCH GATHERINGS

PLANNED FOR YEAR 1913

All Parts of Globe Will Be Interested in Religious Gathering—Rome Center of Constantine's Celebration.

Probably never before have there been so many great religious gatherings arranged for any one year as will take place in 1913. Many are in the interest of church unity, several are for the cause of foreign missions, others will have historical significance, and more will enact church legislation. In connection with a number of conventions there will be pilgrimages around the world or a good way around, in the interest of Christianity. Aside from these definite gatherings of religious workers, general religious movements due to individuals will be in the forefront. All of this is thought to show that "13" has no superstition for religious leaders.

Perhaps the chief religious event of the year just born, one which will affect the greatest number of persons, will be the celebration of the sixteenth century of the peace of Constantine, which will center in Rome. "The faithful" will go to the Eternal City from the four quarters of the globe to assist in the observance. On October 28, 312, Constantine, the Roman emperor, met and conquered Moxentius, his rival, at the Milvian Bridge, and later issued the edict of Milan, by which Christianity was officially established as the religion of the Roman empire. Pope Pius X. some time ago appointed a superior council to arrange for the celebration of the anniversary. Part of the observance, it is observed, will be a "Church of Martyrs" near the Milvian bridge, to be built by gifts from all lands.

Sunday School Convention.
The seventh world's Sunday school convention will be held in Zurich, Switzerland, with delegates from every country on the earth, representing thirty million children that every Sunday attend a Bible school. Already eight tours have been arranged to Zurich, three of which include the Holy Land. The Zealand has been chartered to leave this port June 23. There will be about two thousand delegates from the United States, it is expected. Rev. Dr. John Henry Jowett of the Fifth Avenue Presbyterian church, is expected to deliver the convention sermon.

William N. Hartshorn of Boston is chairman of the world's executive committee. The convention will be held from July 8 to 15. Three years ago this body met in Washington, D. C. Forty-seven countries then were represented. The triennial gathering before that was in Rome, and the meeting previous to Rome was in Jerusalem. The World's Sunday School association is the nearest approach to church union in the Protestant communions that exists.

The International Reform association will meet June 29 to July 6 in Portland, Oregon. This is an interdenominational organization which stands for the observance of Sunday, the doing away with divorce, the wiping out of the liquor business, and all other causes which affect the moral welfare of this country. The president is Rev. Dr. Henry Collin Minton, a Presbyterian minister of Trenton, N. J. The headquarters are in Pittsburgh, Pa.

Pan-Presbyterian Alliance.
The quadrennial meeting of the Pan-Presbyterian alliance will be held in Aberdeen, Scotland, in July, and a chartered vessel will take all the many delegates from this country there. The president of the alliance, which includes all the branches of the Presbyterian and the Reform communions, is Rev. Dr. David J. Burrell, pastor of the Marble Collegiate Reformed church, this city. The secretary for the western continent is Rev. Dr. William Henry Roberts of Philadelphia. The western section of the alliance will meet in Montreal, Canada, next month.

The 100th anniversary of two great missionaries will be observed. One is David Livingstone, who took the gospel to "Darkest Africa," and the other is Adoniram Jackson, the pioneer Protestant missionary to Burma. The Livingstone centennial will be noticed by Protestants of all communities throughout the civilized world. A movement is on foot in Great Britain to distribute millions of tracts with the purpose of reaching patrons with the gospel who never enter a house of God.

Two around the world Judson centennial tours have been arranged, the leader to be Rev. Fred P. Haggard, home secretary of the Baptist Foreign Mission society. As Adoniram Judson was converted to belief in immersion on his way out to Burma, this anniversary concerns particularly the Baptists. One tour starts from San Francisco on August 23, and the other leaves Boston about October 25. There will be Judson centenary meetings in Rangoon and the delegates will spend next Christmas in Burma. In Calcutta the tourists will be taken to Lall Bazar chapel, where Judson was immersed. Rev. Edward Judson of Memorial Baptist church, Bloomington, is a son of the famous missionary.

Big Gathering at Atlanta.
For the first time in the history of the church which grew out of the efforts of John Calvin and John Knox, the three largest branches of the communion will hold their general assemblies at the same time and in the same city. The time will be the third week of next May and the place will be Atlanta, Ga. The bodies are the Presbyterian church, the Presbyterian Church South and the United Presbyterian church.

The days will be devoted to separate meetings of these branches to legislate for each body, but every evening there will be a joint popular meeting in the great Baptist tabernacle, which seats 6,000 persons. It is expected that all this will lead ultimately to a union of the three bodies. The Presbyterian Church South split off during the war. There has been talk of Woodrow Wilson and William J. Bryan for moderators, each being a Presbyterian elder. In response to a letter to Governor Wilson asking him to go to Atlanta, Rev. Dr. William H. Roberts of Philadelphia, stated clerk, has received the following response from the president-elect:

"I dare not predict what my liberty will be in May next, but you may be sure that the invitation conveyed by your letter makes a strong appeal to me. I must postpone the consideration of the question whether I can actually accept it or not until I know much better than I can know now what will be possible then. Sincerely yours,

"Woodrow Wilson."
The Reformed Church will observe the 350th anniversary of the Heidelberg catechism by conducting a simultaneous every member campaign, the money to be devoted to missions.

Episcopal General Convention.
The triennial general convention of the Protestant Episcopal church will be held in New York city next October, on invitation from J. Pierpont Morgan, chairman of the committee on place or meeting. It has not met in that city for many years. The assembly place will be the new Cathedral of St. John the Divine. Grave problems which will shape the destiny of that communion will be solved. Already there are ten auxiliary committees at work. The reception rooms on the lower floor of the Manhattan hotel have been engaged for the month for reunions and social gatherings every evening. It will cost \$56,500 to entertain the seven hundred or more deputies, including the national convention of the Brotherhood of St. Andrew, which will precede the general convention.

WHY IS JACKSONVILLE FIRM?
Because Its Citizens Have Learned the Truth.
After reading this generous and encouraging report from Mr. Seaver those who have the misfortune to suffer as he did will naturally long to get similar relief. But to get the same good as Mr. Seaver had, you should get the same remedy. There are, of course, other kidney pills, but there are no other kidney pills, but the same as Doan's. That is why Jacksonville people demand the genuine. J. B. Seaver, blacksmith, 346 E. North St. Jacksonville Ill. says: "I have used Doan's Kidney Pills with excellent results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten after stooping. I used Doan's Kidney Pills and they stopped the pains. They also regulated the action of my kidneys."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents.

Remember the name—Doan's—and take no other.

NATIONAL GUARD MEETING.
Columbia, S. C., Feb. 5.—The fourth annual convention of the National Guard Association of South Carolina met in this city this afternoon and was opened with an address by Adjutant General W. W. Moore. Officers of the organized militia in all parts of the state were in attendance.

POLITICS AND POLITICIANS.

James H. Brady, the new United States senator from Idaho, was governor of that state from 1909 to 1911.

Friends of Governor Foss of Massachusetts understand that he expects to be a candidate for a fourth term this fall.

Florida Democrats would like to see Senator Duncan U. Fletcher as secretary of agriculture in President Wilson's cabinet.

W. W. Kitchen, who has just retired from the governorship of North Carolina, has begun the practice of law in Raleigh.

The legislatures of New York, Massachusetts, Minnesota and Arizona have ratified the constitutional amendment providing for the direct election of United States senators.

Colonel Roosevelt and former Senator Beveridge of Indiana are to speak at the coming Lincoln birthday dinner of the National Progressive club of New York city.

A strong movement is being made by the West Virginia Woman Suffrage association to have the suffrage bill passed by the state legislature now in session in Charleston.

Prof. W. R. Webb, who has been elected to succeed Newell Sanders as United States senator from Tennessee, is a native of North Carolina and a graduate of the University of North Carolina.

Representative Ben Johnson of the fourth Kentucky district is said to be slated to succeed Representative Lloyd of Missouri as chairman of the Democratic congressional campaign committee.

Charles R. Miller, the newly inaugurated governor of Delaware, was one of the small coterie of eastern capitalists who developed the Tonopah mines in Nevada, into one of the great modern mining camps of the world.

It is a fact of some interest that Ohio and New York have had the presidency of the United States ever since the inauguration of President Hayes, 36 years ago, with the exception of the single four year term that the office was held by Benjamin Harrison of Indiana.

John K. Shields, who has just been elected to the United States senate, has long been known as one of the legal lights of Tennessee. For several years he has held the position of chief justice of the supreme court of that state. He has the reputation of being a brilliant orator and an exceptionally able jurist.

The present New Hampshire legislature is expected to pass a bill appropriating a respectable sum for the erection of a statue to Franklin Pierce, the fourteenth president of the United States and the only New Hampshire man ever elected to the office of chief executive of the nation.

adopted an amendment to the constitution which provides that state elections be held in November and that the legislature meet in January. In past years the elections have been held in September. The voters will be asked to decide on the amendment at the next election.

NEW TRANS-PACIFIC SERVICE.

Berlin, Feb. 5.—The departure of the steamship Sidonia from Hamburg today for the far east, by way of the Suez canal, is preliminary to the extension of the East Asiatic service of the Hamburg-American line across the Pacific to Tacoma, Seattle and Vancouver. By this service the Hamburg-American company will become the first to completely circumnavigate the globe with two regular services, whose terminals are Tacoma and Hamburg. The Kosmos line has

for years operated between Hamburg and Tacoma, crossing the Atlantic to South America, thence through the Straits of Magellan and up the western coast to Puget Sound. The latter service will be continued unchanged after the Panama canal opens.

TO KILL THE DANDRUFF GERM.

the Only Possible Way of Having
An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Said by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. CHILD, Beatrice, Neb.

The Other Case.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. HAYWARD SOWERS, Cary, Maine.

CHINESE ADHERING TO OLD CUSTOM

Many of the Celestials Celebrate New Year According to Ancient Ideas.

New York, Feb. 5.—Can it be, after all, as set forth in the unconventional but expressive language of Mr. "Chuck" Connors, the oracle of Chinatown, that the story of the Chinese adopting the fashion of celebrating the Occidental New Year was pretty much "hunk"? The adoption of the western calendar, it will be remembered, was among the many important changes ordered by the new government soon after the establishment of the republic of China. According to all reports the Chinese in America were delighted with the change and with all the zeal of recent converts they celebrated their new year on January 1 last. Of the fact of the celebration there were many outward and visible signs in the little district bounded by Pell, Mott and Doyre streets, known as Chinatown. These town fronts were profusely decorated with the emblems of the new republic, intertwined with the stars and stripes. And some of the young Celestial "blooms" celebrated the birth of the new year in approved western fashion by eating chop suey and drinking wine in the Oriental until almost the peep of day.

But it is evidently hard to break away from a custom that is centuries old. Today marked the beginning of Sun Nin, or the old Chinese New Year, a season of celebration with the Chinese long before the republics and reform administrations were dreamed of in the Flowery Kingdom. And in this fact, perhaps, is to be found the reason why the local Chinese, in spite of queueless heads and occidental clothes, today went about their preparations for a fortnight of jubilation in precisely the same manner as they did before they hung the Caucasian calendar on their walls.

The narrow streets of Chinatown are bright with flags again and great red lanterns bearing words of greeting are pasted at the side of the doorways. Within doors immense pictures of the great men of China, peacock feathers and bright colors adorn the rooms, while immense quantities of nuts, candies and imported wines and liquors, with generous pots of tea, are placed where callers may help themselves.

Some of the younger Chinese when questioned as to the double celebration, were emphatic in their declarations that their countrymen were sincere in their adoption of the Occidental New Year and that only the old men and women were adhering to the custom of their venerated ancestors. A more satisfactory explanation probably lies in the statement of one of the leading Chinese merchants, who expressed the opinion that while it might be more progressive to pay \$20 for a table at a cafe on the night of December 31, it is better omens to celebrate in the old way on the wane of the twelfth moon. For the old fashioned celebration with flags and fire crackers never fails to attract a multitude of visitors to Chinatown.

The Best Cough Medicine.

"I have used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hames, of Marbury, Ala. "I consider it one of the best remedies I ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For sale by all dealers.

EDUCATION NOTES.

The Astronomic Society of Mexico will present a medal and diploma to every astronomer who discovers a comet.

A commission of teachers from Uruguay is studying educational institutions in the United States and Canada.

Private benefactions for theological schools amounted to \$1,680,000 during the past year.

The New York school lunch committee serves about 2,000 children a day with penny lunches in seven public schools in New York city.

Over six hundred summer schools have announced sessions for 1913, according to the Educational Directory issued by the United States bureau of education.

That instruction in domestic science be made compulsory for all girls' schools is urged in a petition signed by a large number of women in Berlin, Germany.

Virginia, Arkansas and North Carolina now have "health almshouses" that are issued by the state board of health to popularize information on hygiene and sanitation.

The number of students in the high schools of Wisconsin who take Latin decreased 12 per cent during the past year, while the number of those taking German increased 10 per cent.

There were 1,445 farmers in attendance upon the "short course" at the Oregon Agricultural college this year, compared with 56 when the work was inaugurated six years ago.

Only men with practical experience in industry are allowed to enter the newly organized department for the training of teachers of manual arts in the Fitchburg, Mass., normal school. It is planned to provide teachers of manual arts for the upper grades of the elementary schools and the high schools.

Vocational work in high schools is now fully recognized with other subjects for admission to the University of Kansas. Three of the required fifteen units may be in manual training, domestic science, stenography, bookkeeping, agriculture, or commercial law. The University of Michigan also accepts vocational subjects.

READ THIS

The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. W. E. Hall, 2925 Olive street, St. Louis, Mo. Sold by druggists.

125TH ANNUAL COMMUNICATION. New Haven, Conn., Feb. 5.—The Masonic grand lodge of Connecticut began its one hundredth and twenty-fifth annual communication in this city today with an attendance of prominent members of the fraternity from all parts of the state. Grand Master Justin Holden of Norwich presided over the initial session this morning.

Mrs. Carrie M. Duer of Divernon, Ill., is a guest at the home of Mr. and Mrs. W. T. Brown on Sandusky street.

ILLINOIS MUSSEL BEDS

United States Bureau of Fisheries Gives Report of Fisheries of Illinois River.

The United States bureau of fisheries in an economic circular just issued, gives a report on the mussel fisheries of the Illinois river. The report shows that the upper portions of the river are practically destitute of mussels on account of sandstone beds and the contamination of the water by the drainage canal.

The Illinois river has been the most productive per mile of any stream in the country. It has been stated that only two or three years ago more than 2600 boats were engaged in the mussel fishery between Peru and Grafton. At the present time the total number does not exceed 400, and the fleet is kept at this number only by the exploitation of a new field opened in the lower districts and by the increased yields secured at Peoria by the use of the new dip method. While this decrease in the number of boats engaged in the industry is principally attributable to the depleted supply in the Kampsville section, the prices prevailing during the past year have not been encouraging. During 1912 shells have sold at \$12 to \$13 a ton, as against \$18 a ton two or three years ago.

The pearls and slugs found in the river are considered of good quality and are often sufficient in quantity and value to induce the mussel men to continue their work after shelling has ceased to be unprofitable. The pearls are often of considerable value, as is instance by one found in the lower river selling for \$750. The slugs (a trade designation for pearls of irregular shape) are used in the manufacture of brooches, stickpins and other ornaments. From a ton of shells the mussel fisher is reasonably sure of securing a sufficient number of pearls and slugs to make the work profitable.

The important commercial shells found in the river are: Washboard, blue point, three-ridge, pimple-back, pig-toe and mucket. Some shells of "off color," such as the lady finger, which occur in large quantities, although capable of being made into good buttons, are discarded as worthless, because there is no demand for this class of buttons at the present time.

Methodist Minister Recommends Chamberlain's Cough Remedy. Rev. James A. Lewis, Minister, writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and we are confident you will find it very effective and continue to use it as occasion requires for years to come, as many others have done. For sale by all dealers.

ELECTRIC HEADLIGHT LAW. Chicago, Feb. 5.—According to information received by Chicago railroad officials, a bill will be introduced in the Illinois legislature within the next few weeks providing for the use of electric headlights on all locomotives operated within the state. It is expected there will be strenuous opposition to such a law, as railroad engineers are of the opinion that a broad measure, not specifying a particular kind of headlight, would be preferable. In support of this contention they point out that in Wisconsin there is a law requiring railroad companies to equip their locomotives with headlights that will enable an engineer to see an object 800 feet away. Any kind of headlight complying with this requirement is acceptable.

Locomotive engineers have complained that electric headlights often obscure signal lights and, on this account, are a contributing cause to accidents. An investigation of various complaints concerning locomotive headlights was conducted several months ago under the auspices of the Wisconsin Railroad commission.

Health Warning.

Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley Kidney Pills. They are the best medicine made for all disorders of the kidneys, for bladder irregularities, and for backache and rheumatism. They do not contain habit forming drugs. Tonic in action, quick in results. City Drug Store—J. A. Obermeyer.

REAL ESTATE TRANSFERS. Otis Mapes et al to Ira Mapes et al, warranty deed, SE 1/4 NE 1/4, section 6, township 15, range 10, \$1. Margaret M. Brockhouse to Mary A. and Martha Brockhouse warranty deed, SW 1/4 SW 1/4, Section 35 and E 1/2 E 1/4 SE 1/4 SE 1/4 section 34, township 16, range 12, \$5.00.

William S. Ehrie et al to Central Life Insurance Company of Illinois, M. D., part lot 16, block 12, city addition of Jacksonville, \$15,000. W. W. Robertson to Henry Lynch et al, warranty deed, part lot 3, block 24, city addition of Jacksonville, \$925.

Old Age. Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale by all dealers.

MARRIAGE LICENSE. James D. Barker, Manchester; Ella M. Gillis, Meredosia.

Don't You Believe It. Some say that chronic constipation cannot be cured. Don't you believe it. Chamberlain's Tablets have cured others—why not you? Give them a trial. They cost only a quarter. For sale by all dealers.

WHAT THE HOUSEWIFE MAY DO TO KEEP HER FAMILY WELL.

Thursday afternoon, February 6th at 3:30 o'clock Miss Lucy Gillett head of the department of home economics at the Illinois Woman's college will speak upon this subject at the public library. A cordial invitation is extended to every person in any way interested in this matter of public and private health.

The public library has a few books which may be helpful to women who care to read or study this question. Several of these books have been recently purchased upon Miss Gillette's recommendation and all are useful and authoritative. The list is given below:

Bailey, Sanitary and Applied Chemistry, 1910. The particular phase of chemistry treated is that which pertains to the daily life of the household.

Carrington, Fresh Air and How to Use It, 1912. Gives the latest and best methods by which to procure fresh air in the home. Very fully illustrated by views, drawings, plans of houses and designs of furnishings. The work is issued as a part of the campaign work of the national association for the prevention of tuberculosis.

Dodd, Healthful Farmhouse, 1906. Practical suggestions for making the farmhouse pleasant, sanitary and convenient to work in. Elliott, Household Hygiene, 1911. This book is interesting as well as valuable on the care of the home in all its details.

Richards, Sanitation in Daily Life, 1910. Aims to stimulate interest in sanitation and to impress the reader with its importance. Deals with sanitation of private houses, public buildings and towns, with precautions against contagion and suggestions for sanitary regulations.

Richards, Food Materials and Their Adulteration, 1898. Important to housekeepers. On water, coffee, dairy products, sugar tinned goods, spices, etc., perishable foods and principles of diet.

Richards & Elliott, Chemistry of Cooking and Cleaning, 1897. Excellent practical manual. Assumes some elementary knowledge of chemistry.

Richards & Woodman, Air Water and Food From a Sanitary Standpoint, 1900. Elementary with descriptions of laboratory methods of analyzing air, water and food. Tables of relative food values.

Segwick, Principles of Sanitary Science and Public Health, 1902. With special reference to causes and prevention of infectious diseases. Not too technical for the intelligent reader.

Talbot, House Sanitation, 1912. This book endeavors to replace worn out theories and methods and useless practices with such modern views and practical suggestions as will best help the progressive housekeeper in her efforts to maintain her household in health and physical efficiency with the least expenditure of money, time and strength.

White, Fuels of the Household, 1909. An untechnical and readable essay presenting facts and theories on the origin, chemical composition and uses of fuels.

Wiley, Foods and Their Adulteration, 1907. Authoritative information, complete and detailed, concerning the origin, manufacture and composition of food products. It is invaluable, as the best book on this subject of wide, present day interest. The author is well known as Dr. Wiley of the bureau of chemistry.

Olsen, Pure Foods, Their Adulteration, Nutritive Value and Cost, 1912. Much important and accurate information is interestingly given. The food constituents and cost of a standard ration, spices and flavoring extracts, refrigeration, canned goods, milk question, butter substitutes, etc., are discussed with very slight use of technical terms, and legal pure food requirements are stated.

NO MORE CONSTIPATION

It's Me for Olive Tablets. That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and Calomel's best enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing laxative.

No griping is the "keynote" of these little sugar-coated tablets. They cause the bowels and liver to act normal. They never force them to unnatural action.

Dr. Edwards' Olive Tablets are so easy to take that children do not regard them as "medicine" at all.

If you have a dark brown mouth now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little live Tablets at bedtime. They're perfectly harmless.

Thousands take one every night just to keep right. Try them. "Every little Olive Tablet has a movement all its own." 10c and 25c per box.

The Olive Tablet Co., Columbus, Ohio.

JUSTICE COURTS. William Grogan was sentenced to thirty days in the county jail Wednesday in Squire Dyer's court on a charge of vagrancy.

Tom Tivan and Frizzle Berry were each fined \$10 and costs Wednesday in Squire Dyer's court on a charge of drunkenness.

HEAT YOUR HOMES WITH THE MOLINE VACUUM-VAPOR SYSTEM OF STEAM HEATING

Don't Look Old Before Your Time

WOMAN'S delicate system requires more than ordinary care and attention—more care and attention than it is given by the average woman.

Neglect it and ill soon creep in, and the look of old age, sometimes quickly, sometimes gradually follows.

That backache, so common among women, brings with it the sunken chest, the headache, tired muscles, crows' feet, and soon the youthful body is no more youthful in appearance—and all because of lack of attention.

There is no reason why you should be so unfortunate, when you have at your disposal a remedy such as Dr. Pierce's Favorite Prescription—recommended for over 40 years as a remedy for ailments peculiar to women. We have thousands upon thousands of testimonials on file—the accumulation of 40 years—testifying to its effectiveness. Neither narcotic nor alcohol are to be found in this famous prescription. Regulates irregularities. Corrects displacements. Overcomes painful periods. Tones up nerves. Brings about perfect health. Sold by dealers in medicines, in liquid or tablet form.

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.

Dr. Pierce's Favorite Prescription

DRAIN TILE

When it comes to QUALITY and PRICE on DRAIN TILE the product from the new plant (The White Hall Drain Tile Co.) satisfies every purchaser, and every purchaser becomes a "booster" for our Drain Tile.

If you do not have our prices from the new plant, same will be sent you on receipt of inquiry. A sample Drain Tile will also be sent on request.

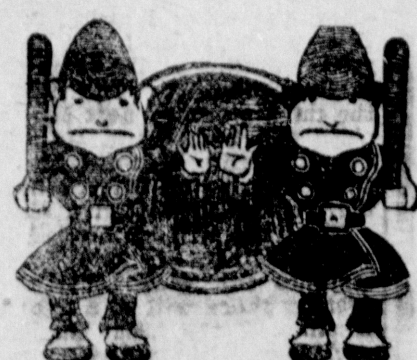

Four to five cars of small sizes are manufactured at the new plant daily and about as much more of the large sizes at our large factory. Get our new quotations.

White Hall Sewer Pipe & Stoneware Co..

White Hall, Illinois.

(Any one wanting an "A. P. Grout Vitrified Tile Silo" should file order with us without delay.)

PROTECTION AGAINST EXCESSIVE CHARGES

Is what you get when you negotiate for a loan with us. We have a plan that makes it very easy for you to get immediate use of \$10 to \$100. No bother, no trouble, no red tape methods here. We loan money on furniture, pianos, or anything of value. You can pay us back in either weekly, semi-monthly or monthly installments.

Jacksonville Credit Co

206 East Court St. Ill. Phone 449

We have picked certain dealers to sell Zephyr Flour, because each has a reputation for handling only the best

Zephyr Flour has won a reputation in thousands of homes for the lighter, whiter bread it bakes, the flakier biscuit, the more tender cake it makes. To protect this reputation we have made it an ironclad rule to place the agency for this flour with those dealers

only who handle the highest quality of food products.

Zephyr Flour

is made from the best of Kansas hard wheat. This wheat is rich in food value.

We wash it and grind it with the greatest care to preserve this goodness. We sell it with a flat guarantee to give satisfaction or money back. Every Zephyr Flour dealer is instructed to refund the purchase price on request.

Our chemist's certificate is in each sack of Zephyr Flour—thus assuring that both the wheat and flour have passed our rigid quality test and that every sack is uniform. Should you be dissatisfied, the certificate is good for a free sack.

NO PERFECT FEET AMONG
CO-EDS OF U. OF I.
"There is not a correct foot among
the 1000 girls of the University of
Illinois. More than that, there
never will be as long as shoe fash-
ions for women remain as they are."
With these words, Gertrude Moul-
ton, director of physical training for
women, today shattered all illusions
about the mythical coed referred to
as Annette Sullivan of Sedalia, Mo.,
who was reputed to have a foot that
answered all the requirements of
anatomy and art.
"We examine the feet of all the
girls who enroll for physical train-
ing," explained Miss Moulton. "We
do not do this in any quest of a per-
fect foot. We simply aim to help
the many girls who are suffering
from their feet."
"We show them what kinds of
shoes they should wear. Some of
these feet might have been near per-
fect once, but shoes have ruined
them. There was only one girl
whose measurements and lack of im-
perfections in the remotest manner
approached perfect measurement."

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

SENTIMENT BEARISH
IN STOCK MARKET

AMOUNT OF BUSINESS CON-
TAINED SMALL AND MOVE-
MENT NARROW.

New Influences Are Brought to
Bear Upon Market Tone and Help-
ed to Spread Pessimistic Feeling.

(By Associated Press.)
New York, Feb. 5.—Quotations of
stocks drifted downward today in
much the same deliberate way as on
the previous days of the week. Sen-
timent was more bearish and al-
though there were no developments
of sufficient moment to bring about
a decided change in market con-
ditions such new influences as
brought to bear helped to spread
pessimistic feeling.

Disappointment at the failure of
American Canning directors to take
action on the bank dividend on the
preferred stock legal obstructions in
the way of concluding the subway
negotiations and unfavorable reports
of conditions in the copper trade
were responsible for declines in the
stocks directly concerned and the
heaviness in these shares spread to
the general list, although the rail-
road stocks for a time resisted the
movement. Bear traders, although
pressing increased confidence did
not put their faith to the test by
venturing upon heavy operations.

The amount of business continued
small and the movement among the
bulk of the stand issues was narrow.
Some of the specialties and a few
of the high grade railroad stocks at
times were lowered a point or more,
giving the market as a whole a
heavy tone. The copper group was
the weak feature, these shares being
sold on the break in the market in
London, reports of unsettled condi-
tions in the home market.

Pennsylvania was under pressure
and in this connection were revived
reports which were denied recently
that a large issue of new stock was
contemplated. Declaration of a five
per cent quarterly dividend on Amer-
ican tobacco with 25 per cent extra
caused the stock to recover its loss
of over three points.

VISITED IN CITIES THAT ARE VERY WELL LIGHTED

COMMISSIONER BRENNAN COM-
PAIRED CONDITIONS HERE AND
ELSWHERE.

Big Water Power Plant at Marseilles
Furnishes Light for Twelve Cities
—Boulevard System Satisfactory
In Aurora—Wire Construction
Under Ground.

As mentioned briefly in the Journal Tuesday, Mayor Davis and Commissioner Brennan, Engel and Knollenberg returned Monday morning from a trip to Chicago and various cities in the northern part of the state. They inspected a number of lighting plants and systems in several of the cities and in Chicago examined auto fire trucks and observed method of use in fire departments.

Aurora Well Lighted City.

Commissioner Brennan was especially interested in the light plants and systems as this is the department in which he is working in Jacksonville. In talking about the trip he said yesterday "The cable carrying the current is all under ground and this fact in itself is a good feature. The cable which is especially designed for this purpose is wrapped with a thin sheet of steel which serves as a case to protect it from spades or other sharp instruments which it may come in contact with. The two copper wires are in the center of this casing surrounded by non-conductive material and around this is a sheet of lead. Between the lead and the steel is more of the non-conductor material."

"Beyond the area of the boulevard lamps, are lights are used, but they are, of course, of a modern type. In visiting the Aurora Light plant and water plant also we found that while the plants have been modernized that practically all of the old machinery has been retained and kept in place and in running order. This machinery is kept for reserve power or for emergency use. We saw a number of pumps which had been in service for 22 years and were still doing good work."

Big Power Plant at Marseilles.
"At Marseilles the Illinois Traction Company has a central electric plant, with the power produced by water fall on the Fox River. From this plant the company sells power to a big box and paper company and has sufficient power left to light Marseilles, furnish power for the street railway system there and also to supply light and power to twelve other towns and cities in that locality. Among the larger cities in this list of twelve are Ottawa and LaSalle. In Ottawa the city owns its own light plant but buys the power from the Illinois Traction Co., and does so because it is able to buy the power at a lower figure than the city can produce it. The Traction Co., owns other utilities in Ottawa."

"The Traction company supplies light and power to a number of cities owning their own plants for the same reason that Ottawa has made such an arrangement. Under the Illinois improvement act it is possible now for a city to build a lighting system that is exclusive of the plant itself and tax it against property owners benefited. By this plan lamps, wiring and construction work are paid for just in the same way that sewers and paving improvements are paid for. The property owners pay for the improvement by installments covering a period of ten years and a contractor takes his improvement bonds in payment for his work. After such a system has been built the city is obligated to furnish the current to keep the lighting system in repair and attend to all costs of maintenance and operation."

Modern Arc Lights.
"The arc lamps we have in Jacksonville are of an almost obsolete pattern and nearly all cities now have the later patterns. Most arcs now are lighted with direct current and do not need the attention of trimmers oftener than once a week. The boulevard lamps are equipped with electric bulbs and need no attention except cleaning save when the bulbs give out or are damaged."

Mr. Chubbuck of the Illinois Traction System it is understood will be herewithin a short time to confer with the commissioners concerning the utility franchise and general lighting matters.

In the matter of underground wire construction mentioned by Mr. Brennan in connection with the boulevard lighting system the municipal Journal published in New York recently had the following article under the caption: "Inexpensive Underground Wire Construction" with illustrations showing a boulevard lighting system at Henderson, Ky., and a force of men at work laying steel, taped cable at Kendallville, Indiana. The article is as follows:

"In our issue of October 3, we referred to the rather unexpected number of small cities which reported that some of their wires were underground; and in the article on street lighting published in our issue of January 2nd reference was made to the desirability of placing wires underground in parks and parkways. In the latter article steel taped cable was suggested as being perhaps the best device for use in such locations, the special advantage being the cheapness and the small amount of digging up of the ground required."

Substitute for Conduit System

"The steel taped cable is also adopted as a substitute for the underground conduit system at a much lower cost in locations other than

lighting of street and in the business park, such as for special ornamental districts of smaller cities and suburbs on private estates and in manufacturing plants. While underground conduits with a number of ducts are desirable in many cases, they are also the more expensive and in some cases unjustifiably so. Among the cities which have used this style of cable for their ornamental street lighting systems are Lansing, Mich.; St. Charles, Ill.; Wausau, Wis.; Austin, Tex.; Warren, O.; Kendallville, Ind.; and Henderson, Ky. These cities have used a regular lead-covered cable served with jute and tar, over which are two winds of steel tape in reverse directions, with still another over-all serving of jute and tar, as manufactured by the Simplex Electrical Co. The steel tape cable is generally laid in a narrow trench, without the use of any concrete, the earth being simply replaced and tamped and the surface—sidewalk, paving or sod in most cases—replaced. Economy of time as well as of money is an argument in favor of the simple construction. In the article on street lighting referred to above, the chief disadvantage of such cable construction is stated to be comparative inaccessibility and the difficulty of locating any defect or "wire trouble."

Mrs. S. S. Van Buren St., Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

DEDICATION AT MOODY SCHOOL.
Northfield, Mass., Feb. 5.—Today's celebration of Founder's Day at the Mt. Hermon boys' school, one of the institutions founded by Dwight L. Moody, was made notable by the dedication of the new Schaffler Memorial Library. The library is a gift of Mrs. A. F. Schaffler of New York in memory of the Rev. Dr. William C. Schaffler, long connected with educational and missionary work in Turkey.

MEXICO'S DAY TO CELEBRATE.
City of Mexico, Feb. 5.—All Mexico was en fete today on the anniversary of the adoption of the federal constitution. Free performances were given in the theatres for the poor and military bands gave concerts in the principal plazas. Crowds thronged the Zocalo, in front of the national palace, throughout the day. The demonstrations in the capital and in other leading cities were of an orderly character.

FORMER RESIDENT HERE.
J. L. Tindale of New York city was expected in the city last night. He was at one time a member of the firm of Tindale & Brown in this city. He is now traveling representative of the Schirmer Publishing Co. of New York.

JUSTICE PITNEY'S BIRTHDAY.
Washington, Feb. 5.—Associate Justice Pitney of the supreme court of the United States attained his 55th birthday anniversary today. Two weeks hence he will have completed his first year of service on the supreme bench. His only juniors are Justice Van Devanter and Justice Hughes. Justice Van Devanter is only a few months younger than Justice Pitney, but Justice Hughes is his junior by several years.

Miss Maude McGinnis left last evening for Chicago, where she will remain for a short time and expects to go from there to South Bend, Ind., for an indefinite stay.

One of the many strong dramatic scenes of "The Littlest Rebel," in which Marshall Farnum will appear at the Grand Saturday afternoon and night. Curtain raises at 2 and 9 p. m. Seat sale this morning at 9:30. Prices: Matinee, 25c, 50c and 75c; night, 25c, 50c, \$1.00 and \$1.50.

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat 10.00 to 14 per cent
Crude Protein 52.50 to 60 per cent
Crude Fibre 1.00 to 3 per cent
Phosphate 10.00 to 12 per cent

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.

For sale at the office of Jacob Cohen & Son, West Lafayette avenue. Call or write for any further information. Bell Phone 215.

COLD WEATHER HERE NOW!

But Clearance Prices on Heavy-Weight Clothing and Furnishings Continue.

Yes, indeed, this has been a most astonishing winter season thus far, but, withal, acceptable to most any person. For the merchant it has been somewhat of a facer. All calculations, based upon the average past seasons, have proven useless. While trade in general has been brisk and we have absolutely no complaint to make about our treatment at the hands of the people in Jacksonville and vicinity, we must say that there obviously has not been the usual demand for winter clothing of medium and heavy weight. Now, what we want to say is, that for the reason above, we have left some most astonishing bargains in this season's high grade Suits and Overcoats for men and boys and coats for women and children. We are not going to quote prices, but just ask you to make us a call at your first opportunity and let us demonstrate the amount of real money we are in a position to save you and the satisfaction you will find in trading at the

MORTUARY

White.

Daisy White died at 5:30 o'clock Wednesday morning at the home of her parents, Mr. and Mrs. John White, six miles southeast of Arenzville, at the age of 18 years. She had been ailing for two or more years but did not take to her bed until Monday. She was a member of the Methodist Protestant church and was a young woman greatly admired and loved by her many friends. She was born May 17, 1894, and besides her parents is survived by one brother, John White.

Funeral services will be conducted from the Union church near Arenzville, Friday morning at 11 o'clock, in charge of Rev. Mr. Reid, and interment will be in the Arenzville cemetery.

Duffner.

The funeral services of John Duffner were conducted Wednesday morning at 9 o'clock from the Church of Our Savior. There was a large assemblage of friends as the deceased was widely known throughout the city and neighborhood. High mass was celebrated by Rev. Father O'Dwyer and Rev. Father Crowe gave a tribute of praise to the life of the deceased.

The remains were laid to rest in Calvary cemetery and the bearers were Messrs. F. L. Jordan, Lester McDougall, William Mahoney, Thomas Mandeville, Edward Omer and John Sheehan.

Among those here to attend the funeral from out of the city were Mr. and Mrs. Martin Ryan of Alton, Frank Ryan, Richard Whalen and Miss Katherine Whalen of Franklin, Miss Katherine McCarthy and Mrs. Henry Ridder of Alexander, Mrs. William Mahoney of Springfield, John Curtin and Miss Marie McEnroe of St. Louis. There was a large number from Murrayville and among them were Mr. and Mrs. J. J. Loneragan, Mr. and Mrs. Thomas Winters, John Tracey and Miss Tracey.

Masters.

The funeral services of Mrs. Gilbert Masters were conducted yesterday at 10:30 o'clock from the Primitive Baptist church south of Waverly, in charge of Rev. Stephen Saunders of Pawnee. Interment was made in East cemetery in Waverly.

Mrs. Masters died Sunday from Paralysis. She is survived by her husband, one daughter, Mrs. Robert Sims of Virden and three sons, Albert of Missouri, William of South Dakota and Joseph of Waverly.

MATRIMONIAL

Barker-Gillis.

The marriage of James D. Barker of Manchester, Ia., and Miss Ella M. Gillis of Mercedia was solemnized Wednesday at 9 o'clock by Judge E. P. Brockhouse at the court house. The bride is the daughter of Mr. and Mrs. Solomon Gillis and is an attractive young woman. The young people will make their home on a farm near Manchester, Ia.

MASQUERADE PARTY.

To Be Given by J. H. S. Literary Societies Feb. 21.

Plans are being made by the literary societies of the Jacksonville high school, for a masquerade party to be given the evening of Feb. 21st. The societies are the Forum, Alpha Beta, Alpha Delta, and Alpha Gamma Theta.

Each society is expected to contribute some sort of a "stunt" for the evening's program and the event is expected to be one of the most amusing and entertaining ever given by the students. The members of the board of education, and their wives will act as patrons and patronesses.

TO INITIATE CLASS.

Woodson lodge No. 711, I. O. O. F., will give a class work in the initiatory degree this evening, the work to be put on by the degree staff of Urania lodge No. 243 of this city. Supper will be served at 5 o'clock by the ladies of the Christian church and the work will follow the supper. Quite a number of local Odd Fellows anticipate making the trip and returning on the 9 o'clock Alton train.

TO CONDUCT REVIVAL.

Rev. W. E. Spooner, pastor of Northminster church expects to conduct a revival at Argenta, Ill., beginning next Sunday. The pulpit will be filled during his absence. Dr. C. H. Rammelkamp will be the speaker Sunday evening.

ILLINOIS STOCKMEN HOLD MEETING IN SPRINGFIELD

Second Day of Annual Convention Closed With Banquet—Sheep Industry and Hog Cholera Discussed at Day Session—Seek to Exclude Diseased Cattle.

The Illinois Stock Breeders Association held its annual banquet Wednesday night in the St. Nicholas Hotel at Springfield. The toastmaster was Phil S. Hanner of Chicago, president of the association. The banquet concluded the second day session of the association. The attendance all during the day was above expectations despite the very cold weather.

Among speakers on the Wednesday morning program was A. J. Knolin of Chicago whose subject was "Present Conditions in the Sheep Industry." A general discussion followed this address carried on by the T. B. Chester of Champaign, Grant Fowler of Armstrong, R. J. Stone of Stonington and Donald Green of Oakland.

"Pure Bred Cattle" was the second address given by A. Kenick of Winchester, Ky.; G. F. Prather of Williamsville followed with "Cattle as a Factor in Increased Crop Production."

The afternoon program was given over to the Illinois Swine Breeders Association and was featured by an address on "Legislation Relating to Hog Cholera" by Dr. M. Dorsey of Washington, D. C. Able discussion followed carried on by J. R. Pfander of Peoria, Dr. A. T. Netter of Springfield, F. A. Clark of Kinderhook, A. M. Foster of Rushville and J. E. Meharry of Toledo.

To Day's Program. To day will close the convention and the time will be given over to stock judging contests for experts certificates. The contestants will be divided up into three classes.

Class I. Will be for persons who are or have been students in regular classes at an agriculture college.

Class II. Will be for persons who have been "short course" students at an agriculture college.

Class III. Will be for those not included in the first two divisions. No persons holding experts certificates will be allowed to enter the contests. All contestants must be members of the association for 1913.

To exclude diseased cattle from Illinois to secure a law requiring that all livestock shipped into the state be examined when shipped and again when entering the state is the object of the executive committee, named by the association Wednesday. Dean N. Funk of the University of Illinois, E. E. Frost, Shirley, and Joseph Falkerson, Jerseyville, were named as the committee. Officers of the association elected are:

President—Phil Hanner, Taylorville.

Vice-presidents—J. W. Garver, Thayer; F. P. Springer, Springfield; Richard Stone, Stonington.

Secretary—B. T. Abbott, Morrison.

Assistant Secretary—Dr. A. T. Peters, Springfield.

Treasurer—Charles R. Taylor, Williamsville.

Basketball Route C. H. S. vs. White Hall Friday night.

FRANK CORREA HOLDS SALE AT MANCHESTER.

Disposes of Large Number of Fancy Hogs Together With Horses and Cows.

Frank Correa, who resides at Manchester, held a public sale of pure Duroc Jersey hogs, Wednesday. A large crowd was present and all were comfortably housed in a tent nicely warmed. The following prices prevailed: W. L. Galloway, four hogs, \$19.50, \$19, \$24.50, \$22; John Langdon, four hogs, \$17.50, \$17, \$21.50, \$20.50; Edward Rousey, one hog, \$22; Charles Amos, sow and pigs, \$46.50; Carl Rousey, two milk cows, \$64 and \$40; S. Woodward, three cows, \$57.50, \$52.50 and \$46.50. The following purchased horses: Ned Pringle, \$141; D. Oldred, \$150; John Langdon, \$157.50. C. Justus Wright of Murrayville and Lloyd Seely of White Hall were the auctioneers and E. E. Rousey was the clerk.

TO THE PUBLIC. MR. AND MRS. J. HERMAN WILL LEAVE FOR NEW YORK CITY SATURDAY NIGHT TO COMPLETE THEIR PURCHASES IN READY-TO-WEAR GARMENTS AND MILLINERY. PARTIES WISHING SOMETHING SPECIAL, SAME WILL BE GIVEN PERSONAL ATTENTION BY INTERVIEW AT THE STORE.

MARKET CONDITIONS IN 1846.

MT. STERLING WINS CLOSE GAME

FROM LOCAL Y. M. C. A.

Brown County High School Five Noses Out Victory of 25 to 24 in Last Minute of Play.

Going at a high rate of speed from the referee's whistle blew for a start and a finish, the Mt. Sterling High school basketball team won from the local Y. M. C. A. five by the close score of 25 to 24. It was one of the closest and hardest fought games ever witnessed on the Mt. Sterling floor. All the way through the contest not more than two points difference were chalked up against the two squads. It was only in the last minute of play that Mt. Sterling won the needed point to give them the victory. The score in the first half was 15 to 14 in favor of Jacksonville.

Myers starred for Mt. Sterling, getting nine goals, and Osborne and Johnson did the heavy work for the locals. Brewer, local Y. M. C. A. physical director, was referee, and Ivens of Mt. Sterling umpire.

The following was the line-up: Mt. Sterling—Forwards, Myers and Butler; center, Simpson; guards, Gross and Ivens.

Jacksonville—Osborne, center; Johnson and McCracken, forwards; Waterfield and Walker, guards; Smith, substitute.

ALTON "HUMMER" DELAYED.

Wednesday morning the Alton "Hummer," which passed through this city at 2 p. m., was delayed about two and one-half hours just north of this city. A flue in the engine was blown out when the train reached a point about four miles north of this city, and when it did not arrive at Ashland on scheduled time, an effort was made to locate the train. It was finally found north of this city and an engine from Tallula pulled the train to its destination.

RESUMES EDITORSHIP.

After six months away from the editor's desk, R. B. Pearce has resumed work of editor of the White Hall Republican. Mr. Pearce relinquished the work to E. M. Prindle six months ago, but found that the fascination of the work was too strong to resist any longer and so returned. During his management Mr. Pearce made every effort to please the readers of his paper and they will no doubt welcome his return.

VIGUS AND HARTNETT IDENTIFIED AS ALTON TRAIN ROBBERS

Members of Train Crew Base Identification on Walk And Voice of Men.

Springfield, Ill., Feb. 5.—Before a large audience in the circuit court today Frank McLaughlin, engineer, William Sullivan fireman and Fred Ayers, express messenger identified Elmer Vigus and John Hartnett as the two men who heldup the Kansas City "Hummer" on the Chicago & Alton railroad just before Christmas. The identification was based on the voices and walk of the two men.

The identification followed a futile attempt by Frank P. Drennan, one of the attorneys for the defense, to quash the indictment because of an error made in the names of two members of the train crew of the Alton "Hummer", who will be the state's chief witnesses. Frank McLaughlin, engineer of the train, was named in the indictment as "Fred" McLaughlin, and William Sullivan, the fireman, was named William "Sutherland." Judge Creighton overruled the motion.

The opening statement for the prosecution was made by Assistant State's Attorney Wilbur Galeener.

SOCIAL EVENTS.

Mrs. Alma Fossett of South East street entertained a number of friends at cards Wednesday afternoon from 2:30 till 5:30. Among those present were Mrs. Charles Schaffer, Mrs. Emma Cook, Miss Beulah Hart, Mrs. J. B. Simpson, Mrs. Monte Stubblefield and Mrs. Fossett. The afternoon was spent in a delightful manner and light refreshments were served.

WITH THE SICK.

W. B. Rexroat was able to be down town Wednesday after a prolonged siege of la grippe.

Mrs. E. L. Clark is very ill at her home on South Diamond street. James Rabbitt, who has been a patient for several weeks at Our Savior's hospital, has so far recovered from his attack of pneumonia that he was able to be taken to his home on East Court street yesterday.

The venerable John Sybrant whose home is with Mr. and Mrs. George T. Douglas has been quite ill for a number of days but was much improved yesterday.

John Rawlings, who resides near Franklin, is seriously ill. He has been unconscious since Tuesday night.

Edward Grady, a widely known resident of Scott county, is reported quite ill and was not expected to live through the night.

MT. STERLING TO PLAY HERE SATURDAY NIGHT.

High Schools of Morgan and Brown To Meet in Basketball.

What promises to be a lively game of basketball has been announced by Manager Allcott. He has secured the fast Mt. Sterling high school team for a game here Saturday night against the local J. H. S. quintet.

Mt. Sterling defeated the Jacksonville Y. M. C. A. Wednesday night at Mt Sterling by the close score of 25 to 24, and as the local five are considered strong a fast game is expected.

This will make Jacksonville in two games this week, a they go to Springfield on Friday evening.

ILLINOIS COLLEGE MEN TO MEET IN SPRINGFIELD.

A meeting is to be held at the St. Nicholas hotel in Springfield this evening for the purpose of forming a local association there. Quite a number of graduates and former students of Illinois live in Springfield and the meeting is expected to be an enthusiastic one. Pres. Rammelkamp, Dr. T. J. Pitner, Judge Chas. A. Barnes and Dr. C. E. Black are among those who expect to attend from Jacksonville.

SERVICE AT WOMAN'S COLLEGE.

The day of prayer services at the Woman's college will be conducted this morning at 10:30 o'clock by Bishop Charles W. Smith of St. Louis.

LENT BEGAN WEDNESDAY

Ash Wednesday Celebrated in Catholic and Episcopal Churches in This City.

Ash Wednesday the beginning of lent, was celebrated in the local Catholic and Episcopal churches yesterday with appropriate exercises. The annual fast of forty days, observed from very early times in the Catholic church in commemoration of Christ's forty day fast, begins on this day and continues until Easter for which feast the fast serves also as a season of special penitence and preparation.

Easter this year falls on March 23 which is the earliest day that it can possibly come in any year. The day is regulated by the Zodiac. Days and nights are of equal length on the 21st of March and the first Sunday after the first full moon, after the days and nights are equal is always Easter.

At the Catholic church mass was celebrated Wednesday morning at 8 o'clock when the ashes were blessed and distributed and at the evening service at 7:30 o'clock ashes were distributed. Rosary and benediction will be observed in this church each Wednesday evening and the stations will be said each Friday evening during lent.

Lenten Regulations.

This year the lent regulations are the same as they were last year. The very poor, the sick, and everyone whose physical condition or whose employment would render fasting injurious to health are exempt. By a special indulgence, laboring men and their families are allowed to eat flesh once each fast day, with the exception of Fridays, Ash Wednesday and Wednesday and Saturday of holy week. They are prohibited, however, from eating flesh and fish at the same meal.

One full meal a day and a small quantity of food in the morning and evening are permitted those who fast. Meat may be eaten with the principal meal, excepting on Wednesdays and Fridays and the Saturdays of ember week and holy week. Fish and meat at the same meal are prohibited on any day of Lent.

AT TRINITY CHURCH.

At Trinity Episcopal church Wednesday services were held at 7, 10 and 10:30 o'clock in the morning and at 4 o'clock in the afternoon. Continuing through lent until Easter services will be held at this church daily at 7:45 a. m. and 4 p. m., and each Friday evening at 7:30 o'clock when a special sermon will be given.

Basketball Routs C. H. S. vs. White Hall Friday night.

WEDNESDAY EVENING THE MEMBERS OF THE EPWORTH LEAGUE OF EBENEZER CHURCH GAVE A PLAY, "THE NEW MINISTER," AT LIBERTY CHURCH, IN THE PRESENCE OF A LARGE AUDIENCE.

This play was given by the same cast of characters at Ebenezer church recently and the production Wednesday evening was one to delight the audience. A neat sum of \$20 was realized. The young people will probably give the play at Bluffs next week.

DAY OF PRAYER AT ILLINOIS COLLEGE.

The day of prayer for colleges will be celebrated today at Illinois college by a special chapel service at 11 o'clock. The speaker will be the Rev. Cleveland B. McAfee, a member of the faculty of the McCormick Theological seminary of Chicago. A joint meeting of the college Y. M. C. A. and Y. W. C. A. will be held at Academy hall at 7:15 o'clock. This meeting will also be addressed by Mr. McAfee.

WAS SEVERELY BURNED.

Melvin Worrall, an employee of the Chicago & Alton railroad was brought to Passavant hospital Tuesday evening from Roodhouse. Mr. Worrall was engaged in firing an engine and in some way his clothes, which has some grease on them, caught fire and before the flames could be extinguished he was severely burned.

ILLINOIS VALLEY CONFERENCE IN TWO DAYS SESSION

Ministers of Lutheran Church Gather For Mutual Helpfulness—Papers Read and Matters of Church Interest Discussed.

The first day's session of the two days meeting of the Illinois Valley Conference of the Lutheran church was held Wednesday at the Salem Evangelical Lutheran church. These meetings are for the purpose of mutual helpfulness and for the interest of the various departments church work.

During the afternoon's session, George Luecke of Beardstown gave an address on "The Difference Between Law and Gospel" and Rev. J. G. Kuppler, pastor of the local church gave a homeletic essay. In the evening the Lord's supper was celebrated, the confessional service being in charge of Rev. J. H. Seiving of Chapin and the sermon of the evening was by Rev. Herman Schwagmayer of Neeleville. He preached from the text found in St. John 1:29: "The next day, John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sins of the world."

The conference will continue through this afternoon. An Exegesis of 2nd Tim. chapter 3, will be given by Rev. H. Traub of Bath and a homeletic paper by Rev. C. A. Eberhardt of Arenzville. Rev. Mr. Herman Wathauer of Meredosia is among the ministers in attendance aside from those mentioned above.

Visit Garland & Co. \$10 suit sale.

WILL BUY RIGHT OF WAY.

C. E. Delaplain to Enter Employ of Keokuk Power Co.—Will Have Choice Farms to Sell.

C. E. Delaplain was in Keokuk, Ia., a few days since and while there made arrangements to act as purchasing agent for the Keokuk Power company in securing right of way between the cities of Burlington and Fort Madison. He expects to begin the work shortly after March 10 and says that he will have a number of farms for sale or trade. While in the employ of the company he will be in a position to sell a farm much cheaper than it is really worth, as at times it may become necessary for him to purchase a farm in order to secure the desired right of way, and as the power company has no wish to keep the land it will be disposed of at a bargain.

REMAINS TAKEN TO QUINCY.

Remains in the city received word Wednesday announcing that the remains of Mrs. Karl J. Bruening will be taken from Milwaukee, Wis., to Quincy, where funeral services will be conducted Sunday afternoon at 2:30 o'clock at the German Lutheran church. Interment will be made in a Quincy cemetery.

MYERS BROTHERS.
